

Gallery applauds wind knockback

Thunderous applause echoed throughout the Buffalo Hall last week, when South Gippsland Council voted to reject two wind monitoring tower applications in the Corner Inlet area.

Plea for halt to wind farms

Three Coast Guardians and wind farm activists from 4000, gathered with the council last week to plead for a halt to wind farm applications in the Corner Inlet area.

The 4000 address the council during previous times, saying enough was enough, and it was time to stop the wind farms. The council has agreed to a moratorium on wind farm applications in the area.

"We should be in South Gippsland here to discuss the future of the area, not the wind farms," said a speaker.

"We are in favour of the wind farms," said another speaker.

Crafts on display

Local artists will be showcasing their work at the upcoming craft fair in the town hall.

The fair will feature a wide range of handmade goods, including pottery, woodwork, and textiles.

The event is open to the public and is expected to attract a large number of visitors.

For more information, contact the town hall or visit the website.
