Mr & Mrs P & J BUCKHAM

Dear Members of Parliament,

I am writing to you in reference to your threat to cancel people on pensions and with ~~some~~ 'nasty illness' and ailments not being able to have access to "proper" dental care by qualified dentists!!! Do you realise that it is near impossible to see a dentist - (who may have only just started their training) in the free (not so) clinics and if you can get to see one - they don't really listen to us (patients) with our requests or concerns? I am sorry if it offends you but if it was your child - yourself - parent there would be no question as to their care and treatment but unlike you we don't have practically unlimited finances and have to rely on the public system (as poor as it is), and therefore if this program is halted then my husband and I will no longer visit the dentist as we can not afford the luxury. One last point - to threaten the dentists who have been wonderfully helpful and caring enough to treat the less fortunate with proper dental care with having to "repay" all the monies they have worked hard for is truly dispicable.

Just two of your VOTERS!!!
