## Question on Notice from 28 July 2021 public hearing

## Coles

*Proof Hansard transcript, page 3:* 

**CHAIR:** When you do the audit, is it someone from Coles directly or is it outsourced to a third party?

**Ms Bon:** All of our audits are independent, which is in addition to our own team members visiting the site and speaking with the supplier.

CHAIR: Out of interest, who would conduct these audits?

**Ms Bon:** There are a couple of companies that do the audits. I can provide the names of those to you.

**CHAIR:** If you could, that would be great. Thank you.

## **Answer:**

Audits are conducted by the Association of Professional Social Compliance Auditors (APSCA) auditors and Fair Farms.
