

Question on Notice from 28 July 2021 public hearing

Coles

Proof Hansard transcript, page 3:

CHAIR: When you do the audit, is it someone from Coles directly or is it outsourced to a third party?

Ms Bon: All of our audits are independent, which is in addition to our own team members visiting the site and speaking with the supplier.

CHAIR: Out of interest, who would conduct these audits?

Ms Bon: There are a couple of companies that do the audits. I can provide the names of those to you.

CHAIR: If you could, that would be great. Thank you.

Answer:

Audits are conducted by the Association of Professional Social Compliance Auditors (APSCA) auditors and Fair Farms.
