

Good morning

Thank you for your email seeking responses to the Questions taken on Notice from the **Inquiry into the provisions of the Religious Discrimination Bill 2021, Religious Discrimination (Consequential Amendments) Bill 2021 and Human Rights Legislation Amendment Bill 2021.**

Please be advised of the following:

- The Northern Territory Government had put in a submission for the second exposure draft (Minister Uibo was asked but advised she would provide a response later)
 - *No, the NT did not make submissions or comments on the (first or) second set of draft bills.*
- How many religious NGO's are active in the NT who might be affected by the laws?
 - *Minister for Territory Families and Urban Housing (TFHC), the Hon Kate Worden MLA's office, has advised that TFHC does not require the identification of Religious status in any of their tenders and therefore do not have list of religious organisations for this purpose.*

Thank you for your patience, I trust this information assists.
