Inquiry into Foreign Investment Proposals
2019 - 2020

Division: Foreign Investment Division
Topic: Greenfields investments versus acquisitions
Reference: Spoken

Question:

Senator PATRICK: I understand. Do you keep track of the value of greenfields investments versus what is simply an acquisition?

Mr Brake: We certainly don't report on that. I'd have to take on notice whether our systems would be capable of producing that sort of analysis.

Answer:

A report on the value of greenfields investments versus other acquisitions cannot be automatically generated.
