

**JOINT SELECT COMMITTEE ON AUSTRALIA'S
IMMIGRATION DETENTION NETWORK**

Q105

Question:

There are 386 cases of actual self-harm, which is extremely high in comparison to the previous year, which is only 38. At what stage, and where, would you like to discuss the details of this? Do you want us to be discussing this in individual centres as we go around? Would you like us to go into camera at some stage? I want to get to why there is this big jump, and in order to do that I think we are probably going to have to talk about some of the actual categories that make up that actual figure.

Answer:

The department is willing to provide to the committee an in-camera briefing on this subject.
