

Cash free Wyndham.

I waste my life watching the wheel of death
Trying to gain to access to my bank account:
Will it still be turning with my very last breath?
I know that what I have left is a small amount.

The bank is trying to fix it but so far no good
I know I am not alone being stuck in this trap
Others can't access the accounts they should
And they curse all technology for this mishap.

Not that there is a lot of cash left in this town.
The Post Office may dish out some dough,
But here all of the ATMs are empty or down.
We go to Kununurra's ATMs for cash to flow.

Now I wonder how much longer it will be
Before Wyndham is entirely cash-free?
