Subject: Submission to Cancer Access Inquiry"
Date: Monday, 23 February 2015 6:46:57 PM

Hi,

My name is Mike.

I have a friend dying of cancer. I don't think any Australian would want a friend, family member or even stranger denied of the drugs they need. Please subsidise them.

We waste sooooo much money on causes less valuable... Prioritise....spend some money here first...then worry about writing out the welfare cheques for those who don't want to work for the dole.

The voter!
