

to The Honourable ~~The Speaker and The~~ Members of the House of Representatives,

This petition is from a group of citizens of Australia. We wish to draw the attention of the house to the way the media has eroded Christian standards and have promoted immorality to such a degree that Christian marriage and family life are now seen as quaint hangovers from former times and the butt of their jokes.

When the name of our great God is blasphemed on radio and television it grieves the Christian community and there are a large number of us out here. If Mohammed's name was so abused there would be a holy war.

Literature is also being eroded with some children's books featuring alternate life styles as the norm.

We therefore ask the House to take a stand to improve the standard of the programmes that are broadcast over our nation.
