**Subject:** big brother

Hi there

At what stage will you realise that Australia isn't Stalinist Russia ,we live in a free democratic society not behind the Iron curtain , I well realise Juliar has aspirations of turning my country into her own private socialist empire ,but this is the thinking of a delusional fool .

This is not a nanny state you are not big brother reality TV, keep the hell out of our lives and put this ridiculous piece of legislation into the shredder.

Not impressed  
Richard Leeman
