CHILD CUSTODY INQUIRY TERMS OF REFERENCE

The Committee is to investigate and make recommendations for action on the following matters:

- (a) given that the best interests of the child are the paramount consideration:
- (i) what other factors should be taken into account in deciding the respective time each parent should spend with their children post separation, in particular whether there should be a presumption that children will spend equal time with each parent and, if so, in what circumstances such a presumption could be rebutted; and
 - (ii) in what circumstances a court should order that children of separated parents have contact with other persons, including their grandparents.
- (b) whether the existing child support formula works fairly for both parents in relation to their care of, and contact with, their children.
- (c) with the Committee to report to the Parliament by 31 December 2003.

The Committee has been asked to have regard to the Government's recent response to the report of the Family Law Pathways Advisory Group. A link to this report is available on the inquiry website.
