

I [REDACTED] Have Been Paying maintenance for 8 years
To my former wife. I Have no problem with That. The problem
I have with The system is I work overtime I pay The gov't
49% - ex-wife 27% & I get 24%. I'm The one doing
The overtime wasting my life doing The extra time.
To Be The Lowest paid of The Three parties Does This
sound fair. I have a ~~sug~~ suggestion To put To The gov
you pay maint on your normal wage whatever mini
you pay say \$6000.00 you get an overtime Threshold
on That Amount. so once you start earning more
Than \$6000.00 in overtime start Taking maint out
of The overtime again. you will find a lot more
men will get of These huns and work again. Today
I had To cancel my health fund Because my maint
payments went up From \$6600.00 To \$9800.00 for
The year Because I want To ~~try and live a normal~~
Life By doing overtime.
