

A little on me and my background

I am a 40 year old Australian born.. I am married to a El Salvadorian Lady.
Who is very Australian and holding proudly of her heritage. 3 kids
My Grandfather went to war to defend Australia and it ways of life.
He came back deaf. He was awarded medals also.
I live in Adelaide, but I'm a country kids. I'm from the Nullarbor, Tarcoola, a old railway town.
We grew up on values of liking all people, never judge all by ones attitude. We grew up on a town that
looked after each other, everyone knew everyone, Creed was not an issue.
Also due to family problems, Im from the group your senate termed the Forgotten Australians, in the 2004
senate inquiry. Im a strong advocate for the community.
I speak to the community and listen to what they have to say. It is getting to the point where is it becoming a
worry to what being said. Whats becoming of Australia.

5,116 of the Australian Constitution

'The Commonwealth shall not make any law for establishing any religion, or for imposing any religious
observance, or for prohibiting the free exercise of any religion, and no religious test shall be required as a
qualification for any office or public trust under the Commonwealth.

Ok this sounds very reasonable indeed. But does our government read into the clauses of some of these
religions. If Multiculturalism is to be accepted here, one would think that our government also make sure the
religion is peaceful and will fit in with Australia.

Please forgive the cut and paste I'm going to do here. I get this sent to me with people asking questions
and it is on the web, Facebook and many other sites. They are not my words, please make this
understanding.

They worry me indeed. Remember I'm very Multicultural and dont like being labelled a racist in any form. I
like, many others are worried about Australia's security and do have the right to speak about it. Security is to
do with this inquiry. It goes with Multiculturalism.

The Australian people are insulted. Very insulted. I ask, is it wrong to ask, is this all true, how could this be
and how has our government aloud this to be. Again this is not singling any group or culture out but
information that is very alarming and a threat to the Australian way of life.

This religion has stick rules and must be followed, every line. Australians likes the idea we can take a part of
religion, something we dont like we dont have to follow. Sort of we can follow faith but not be in a church or
mosque. How will our government deal with this issue when the Sharia law is demanded over ours ? The
UK has a two court system ? These rules below must be obeyed fully Im told.

.....
Quotations from a religion culture that we are being forced to accept:

A threat to 5, 116

Via quotation I have cut from web and emails.

Each section can be cut and pasted into Google to find what they mean.

1. 2:190-193 Fight in the cause of God, those who fight you, but do not transgress limits; for God loveth not
transgressors. And slay them wherever ye catch them, and turn them out from where they have turned you
out: For tumult and oppression are worse than slaughter; But fight them not at the sacred Mosque unless
they first fight you there; But if they fight you, Slay them. Such is the reward of those who suppress faith. But
if they cease, God is Oft-forgiving, Most Merciful. And fight them on until there is no more tumult or
oppression, and there prevail justice and faith in God; but if they cease, Let there be no hostility except to
those who practise oppression."

2:216-217 Fighting is prescribed for you, and ye dislike it. But it is possible that ye dislike a thing which is
good for you and that ye love a thing which is bad for you. But God knoweth, and ye know not. They ask
thee concerning fighting in the Prohibited Month. Say: "Fighting therein is a grave (offense); but graver is it in
the sight of God to prevent access to the path of God, to deny Him, to prevent access to the Sacred
Mosque, and drive out its members. Tumult and oppression are worse than slaughter. Nor will they cease
fighting you until they turn you back from your faith if they can. And if any of you turn back from their faith
and die in unbelief, their works will bear no fruit in this life and in the Hereafter; they will be Companions of
the Fire and will abide therein.

3. 2:244-245 Then fight in the cause of God, and know that God heareth and knoweth all things. Who is he
that will loan to God a beautiful loan, which God will double unto his credit and multiply many times? It is
God that giveth (you) want or plenty, and to Him shall be your return.

4. 4:74-77 Let those fight in the cause of God who sell the life of this world for the Hereafter, to him who fighteth in the cause of God, whether he is slain or gets victory, soon shall We give him a reward of great (value). And why should ye not fight in the cause of God and of those who, being weak, are ill-treated (and oppressed)? Men, women, and children whose cry is: "Our Lord! rescue us from this town, whose people are oppressors; and raise for us from Thee one who will protect; and raise for us from Thee one who will help!" Those who believe fight in the cause of God, and those who reject faith fight in the cause of evil: so fight ye against the friends of Satan: feeble indeed is the cunning of Satan. Hast thou not turned thy vision to those who were told to hold back their hands (from fight) but establish regular prayers and spend in regular charity? When (at length) the order for fighting was issued to them, behold! a section of them feared men as, or even more than, they should have feared God: they say: "Our Lord! why hast Thou ordered us to fight? Wouldst Thou not grant us respite to our (natural) term, near (enough)?" Say: "Short is the enjoyment of this world: the Hereafter is the best for those who do right: never will ye be dealt with unjustly in the very least!"

5. 4:95-96 Not equal are those believers who sit (at home) and receive no hurt, and those who strive and fight in the cause of God with their goods and their persons. God hath granted a grade higher to those who strive and fight with their goods and persons than to those who sit (at home). Unto all (in Faith) Hath God promised good: But those who strive and fight Hath He distinguished above those who sit (at home) by a special reward: Ranks specially bestowed by Him, and Forgiveness and Mercy. For God is Oft-forgiving, Most Merciful.

6. 5:51 O ye who believe! take not the Jews and the Christians for your friends and protectors: They are but friends and protectors to each other. And he amongst you that turns to them (for friendship) is of them. Verily God guideth not a people unjust.

7. 5:72-73: They do blaspheme who say: "God is Christ the son of Mary." But said Christ: "O Children of Israel! worship God, my Lord and your Lord." Whoever joins other gods with God, - God will forbid him the garden, and the Fire will be his abode. There will for the wrongdoers be no one to help. They do blaspheme who say: God is one of three in a Trinity: for there is no god except One God. If they desist not from their word (of blasphemy), verily a grievous penalty will befall the blasphemers among them.

8. 8:12-15 Remember thy Lord inspired the angels (with the message): "I am with you: give firmness to the Believers: I will instil terror into the hearts of the Unbelievers: smite ye above their necks and smite all their finger-tips off them." This because they contended against God and His Apostle: If any contend against God and His Apostle, God is strict in punishment. Thus (will it be said): "Taste ye then of the (punishment): for those who resist God, is the penalty of the Fire." O ye who believe! when ye meet the Unbelievers in hostile array, never turn your backs to them.

5. "The foremost duty of Islam is to depose the government and society of unbelievers (jahiliyyah) from the leadership of man." (Sayyid Qutb, Egyptian)

6. "Uniting the five pillars of Islam is the principle Jihad (lit. struggle). In Islam a Muslim must struggle against himself and his habits to submit fully to God. He must also struggle to guide his family, relatives, and friends to bring them to Islam and to convey the message of Islam itself. Since Islam is totalistic, Muslims wherever they may be, must struggle and sacrifice their energy, time, and material resources to establish Muslim congregations, mosques, madrassas (religious schools) for the maintenance and spread of Islam. Where Muslims make up a substantial fraction of the population, they must struggle to establish the Islamic Shariah (law) as their rule for living, with the aim to ultimately establish a full Islamic state in which Islam would be the ruling ideology and system. To understand this last point is very important for it is part and parcel of Islam to seek its full manifestation and where Muslims fail politically or economically, they also fail spiritually. It is innate to Islam to be militantly uncompromising with alien systems since all sovereignty and glory belongs to God, to the Prophets (PBUH) and to the believers." (Spirit of Toronto, Ontario, Canada: 1834-1984, Lindsay_Holton, 1983 AD, Foreword by David Crombie, MP: Secretary of State and Minister of Multiculturalism, Islam - A Dynamic Stability, by Camel Xerri Abdullah Idris, Islamic Center Toronto Jami Mosque, p282-293)

Does Australia need holy wars here. Surely the Senate must understand the reading here.
It is something building in Australia from many religions who think they rule over the people.

Our legal system.

We have our legal system. The Senate needs to look outside the box a bit and look at other country's. I'm going to talk about how Multiculturalism with religion brings other problems to Australia like they have their laws. In the UK now they have set up a two court system.

One for the Sharia law and the other English law.

In Australia we are proud to say we have one law for all. The laws of the land. Religion should never be aloud to over step our laws.

With the Sharia law being forcefully pushed around the world.

Will it come here. This is not the Australian way it is theirs.

SCHOOL ISSUES

I do have an issue with my sons school. Australia is not a country that segregates people.

My sons school is a multicultural school. At this school they have a swimming pool they use during the summer months. For years all kids have swam together. To my surprise I have discovered that now one culture does not allow their daughters to swim with males ? So they have their own special time for swimming. I did ask the school why was the reason for this. I was told due to their religious beliefs, it is so. Now as a Australian, very multicultural and willing to talk to all. I find this most offending to Australians and the Australian way.

Is this what multiculturalism is doing to a country that has no divide, divide.

Australians, we allow all to swim with each other. I asked the parents at the school as I have a great deal to do with the school. They all said they was upset. They all said they do not have a problem with swimming with them.

So who do we have aiding this segregation ?

First of all I personally look upon the Multicultural religious issue the blame, the School for allowing segregation on any school grounds in Australia and most importantly the government.

In other country's a government aiding segregation on creed and religious beliefs is a form of apartheid. No excuse should be used, not even religion.

Now how has Multiculturalism effected the simple things in my sons school life.

He is Australian born. He eats most food from here and abroad.

His school has removed canteen due to new student eating habits.

At the school they are well know for funds raising. At all school events. The sausages are halal.

Forgive me and speaking up about my customs and many other Australians but we have the customs of not letting animals suffer that we are going to eat.

It makes our family sick to see animals with throats slit and left to die feeling the pain.

We have our customs, we dont buy meat that is halal. We have that right to say no.

I ask why is this barbaric style killed food served to my child ? I have asked for it not to be.

This is forcing religious style food upon my child. (against 5.116)

Religious Crucifix and other religious values necklaces etc are barred from showing in the school. Why is this. Children are asked to cover it under tops. Why ?

The school has a school mandatory uniform policy with copyrighted school emblem

All children are to wear school uniforms including hats. Children are not aloud outside with out a hat. Thats good but the issue , But why is one culture of people at the school, the girls particularly of one culture wear scarf's to school. They are accepted it seems ? They have no school emblem on them. They wear different ones for different days.

Why do they have different rules for them other kids. This also is a form of religious symbolism that other kids are told to tuck under their shirts. Clearly again a divide the Government are aiding in supporting it..

Multiculturalism supposed to be without divide ?

I have teachers who tell me that these student also get many other rules then Australian kids at the school.

Is this the Australian way ?

One thing was said also aftervthis discussion was, lets just have divided swimming times, girls and boys ?

I find this offensive to our cultural ways also. We stopped doing that years ago.

I think, only one pool in Australia is girls only now. NSW not SA.

Im asking would this or is this the way to do things as we are. Multiculturalism should be the uniting of people not dividing them.

I work with families and I see a lot of indigenous kids falling behind and other kids in school now. The education department/government are failing our kids. Because of all this smoke and mirror games the schools going on to get Special Education overseas arrivals funding for their school.

It's true, I feel our kids are being forgotten. This is not racist but our children and parents speaking up.

Is it not right to ask for things at our schools to be even for all, no one better then the other ?

I am disappointed that due to religious beliefs it seems my son has been told at school that even eating ham, he is going to die from it. From one other child. Laughable to us but it was not to my son. Will Bacon and ham the words and food also be barred from our school. Is this form of Multiculturalism really going to plan and working ? We accept them but they dont accept us or our ways or rules.

Religion in public.

As a person of no religious belief, Should religion be forced upon me ? 5,116

Is a person say on one side the Adelaide mall screaming Allah is it and another screaming Im a Christian, God is best. Is this clash what Australia is about

See to atheist if I have to be called that it is offensive, intruding upon my beliefs and constitutional rights not to have religion push, forced, well any way forced upon a person.. I dont want to go shopping and have religion of any kind pushed upon me or my children. All Australians hear about is religious rights, well as said our government have failed protecting the people from pushy religions. Why have you's not protected Australians from this, Any religion.

People doing this should be charged with offensive language as it is offending.

Talking about destroying your day out shopping.

If we are expect to respect multiculturalism then the senate must understand that Atheist have been forgotten, excluded, not thought off in all discussions about how religion is intruding upon their daily lives. Yes the Senate must understand that many Australians are not religious in any way.

Are you's understanding this.

Ok so by now you can get where im going, Has Multiculturalism worked in Australia ?

I will break the top down in short. No.

Yes older days it has served Australia beautifully. But now it seems a different ball park.

Are we one nation now ? No a big divide due to religion is happening that has never happened in Australia before.

This saddens me deeply and Im sure many people forefathers who built Australia ,seved in wars protecting it

The people feel it. Members of parliament I have spoken to in Adelaide feel it. In fact said it is set up to fail. It can not continue how it is..

The senate needs to ask what is the major cause to Multiculturalism conflicts. It's religion, These days too many it is looking like it world wide, not just here.

Is religion a safe thing ?, well I choose to stay away from it.

Should it be aloud to intrude on people daily lives, remembering Australia is full of Atheist.

Would it be best left in the homes, churches, mosques. If people want to choose it they can and not infringe on anyone or the Australia lifestyle that many other enjoy.

Before I finish I would like to talk about Multiculturalism via illegal boat people.

First the senate needs to ask, where all the millions on border patrols and tracking systems has gone ?

How does this system allow boats carrying people to hit islands. They should not have got that close, if the tax paying commu_ities money was spent correctly.

The community ask why have they been treated like they are good these illegal's. Housed in multi million dollar complexes.

This is what you would get if you was an Australian travelling oversea's illegally in some countrys.

- 1 There will be no special bilingual programs in the schools.
2. All ballots will be in this nation's language.
3. All government business will be conducted in our language.
4. Non-residents will NOT have the right to vote no matter how long they are here.
5. Non-citizens will NEVER be able to hold political office
6. Foreigners will not be a burden to the taxpayers. No welfare, no food stamps, no health care, or other government assistance programs.
Any burden will be deported.
7. Foreigners can invest in this country, but it must be an amount at least equal to 40,000 times the daily minimum wage.

8. If foreigners come here and buy land... Options will be restricted.

Certain parcels including waterfront property are reserved for citizens naturally born into this country.

9.. Foreigners may have no protests; no demonstrations, no waving of a foreign flag, no political organising, no bad-mouthing our prime minister or his policies. These will lead to imprisonment and deportation.

10. If you do come to this country illegally, you will be actively hunted &, when caught, sent to jail until your deportation can be arranged.

All assets will be taken from you.

Now no country in the world can say we have not bent over backwards accommodate these illegal in housing better than our own peoples. Above is not here but overseas rules, Some have the death penalty for illegally crossing into others country's. It's now time for laws like above to be made here and obeyed. Im posting this above yes via web again to show that this is all an all round concern of Australians, not just mine.

Again from many Australians point of view.

Yes Australia has a large heart but it must protect it.

Who are these people who can afford to travel between country's paying bribes to get here.

Better yet how is this Global Franchised Communities pulling this off. The senate does know there is a lot of money deals going on getting these people here.

Im confused a little because I'm under the understand that illegal immigrants once left their home land and have landed on say on Indonesia doorsteps, they would be the responsibility of that country as the refugees have travelled there first. How is they a sent on their way here. How are these people our responsibility. Should we be sending the bills to the countries they travelled to first ?

For security reasons Senate needs to note. Australia child grow up playing with Doles and Matchbox cars, Sadly and I mean very sadly many of the boat children have grown up playing with m16's and rocket launchers. No we must be cautious of all entering here the way the world is at the moment. Hate has been bread down into them. Yes they look like normal kids but are they. How damaged are they. Will they like having to accept our ways of life ?

Yes the Multiculturalism Security concerns of Australians is being ignored with our constitutional rights also. I will stop here because if I continue readers will assumes I'm singling out one group of people. This is what happens when Australians talk about issues offending them, thy get called racist... I'm not being racist when only I have only spoke about religion with Multiculturalism and how it is affecting Australia

Im not I have tried to put it the best way I can. To make you understand yes our Government needs to consider all the security issues and most importantly how Australians feel about this.

Not put Australian aside like many are seeing and feeling.

The senate and government need to also understand the Australian people are their boss's.

Not no religion. Our mass views must come first. How have they let religion rule them here ?

It is now time for them to listen to the Australian point of view above others coming here.

Protecting our traditions, our ways of life style is priority one.

Yes Multiculturalism is not working like it once did. Politicians across Australia are also agreeing.
