

Dear Sir/Madam,

We want our blessed Nation of Australia to remain a Christian Nation.

Australia is the best country in the world to live in today, and we want it to stay that way.

I migrated to Australia in 1964 from Europe, became a citizen, and now I am proud to be called an Aussie.

I salute and stay at attention to our National Anthem with pride, and I cry for our young soldiers who shed their precious blood and life to keep our Nation free.

Multicultural society does not work.....look at Europe and other countries who have experienced the past 30 years of trying to accept other cultures. Let us not make the same mistake....let us learn from these countries, and not bring down our Aussie lifestyle.

Regards,
