

Committee Secretary
Joint Standing Committee on Migration
Inquiry into Multiculturalism in Australia
PO Box 6021
Parliament House
Canberra
ACT 2600

The eight goals proposed by the Advisory Council on Multicultural Affairs in 1988 were, it appears, based on the premise that all cultures are equal and should be respected as such.

However, while nearly all cultures existing in Australia are capable of holding to these eight goals and do so quite successfully, there is one culture that certainly does not and uses multiculturalism to further its goals of stealthily controlling and finally dominating the host culture by whatever means possible.

Below I point out some of the many facets of political Islam that are at odds with our Western multicultural view that all cultures are equal, because this culture considers itself superior to all other cultures as stated in Koranic and Sharia law.

Arabs are the best of righteous people...3:110
Islam has abrogated all other religions Koran 3:85, , Reliance of the Traveller, w4.1 (2)
Allah proclaims Islam over all other religions...48:28
Islam is the perfect religion; it will dominate all other religions...9:33

Then couple the above with these verses and you have all their violent supremecism in a nutshell.

Those who reject faith (non Muslims) are like panting dogs; preaching to them is a waste of time...7:176

Those who reject the Qur'an, wrong themselves; they are evils (their example is that of a dog-ibn Abbas)...7:177

The unbelievers are the worst beasts (or worst animals) in the eyes of Allah...8:55

On the explanation of these verses Ibn Kathir writes that the unbelievers who do not embrace Islam and break treaties are the worst moving creatures on earth; Muslims should punish them harshly and inflict heavy casualties to them.

Then may I use my soon to be possibly very much reduced or non-existent freedom of speech to point out the dead end of Western multiculturalism and its replacement by Islamic multiculturalism. See UN Blasphemy or Defamation law designed to prevent any criticism of Islam.

Jews and Christians are rejected 17 times a day in the Muslims daily

prayers. Koran 05:60, 05:77. Rev. M Durie, The Third Choice, p.47.

The Trilogy of Islam, Koran, Sira and Hadith hold a total of 31% devoted to jihad, or war on unbelievers, the Sira alone has 61% of its text devoted to this subject. Jihad means to war against non-muslims. The scriptural basis for jihad are such Koranic verses as: 2:216, 4:89, 9:36. Reliance of the Traveller, o9.0

The Trilogy of Islam devotes a total 60% to the Kafir (political term for non-muslim), none of it pleasant.
<http://cspipublishing.com/statistical/charts.html> We in free nations are Kafir, who are hated and despised by Allah Koran 40:35.

89% of the Hadith hold women in low status.
<http://cspipublishing.com/statistical/charts.html> The removal of the clitoris is obligatory. Reliance of the Traveller e4.3, w52.1 (368) (the translation from the Arabic states 'not to remove the clitoris' is incorrect. The Arabic specifically states it must be removed) Rev M Durie, Witness Statement p.50. A recent conversation with a midwife who assisted a Genitally Mutilated woman give birth stated the consequences of this barbaric practice is horrific.

Democracy and Islam are totally incompatible, Islam claims all mankind must be ruled by laws created by their god and that Democracy is evil because all laws are written by man. This is intolerable and in direct conflict with the Koran and Sharia law.

"Those who do not govern according to to [sic.] the (law) which Allah has revealed [Shari'ah law], verily, they are the kaafiroon...Democracy, like all other systems fabricated by the minds of men are untenable in Islam. It is an un-Islamic system...[and] there is absolutely no basis anywhere in the Qur'aan for western democracy and its parliamentary system. A government of democracy is a government appointed by Juhhaal (ignoramus). Ignoramus, fussaag and fujjaar have no share in appointing a government in Islam. The Islamic system is Khilaafat..." The Muslim moral of this is: don't support the "infidel" system; defeat democracy in the U.S. and the West and replace it with Islamic law. <http://www.investigativeproject.org/797/msa-chapter-official-dont-vote-destroy>

Koran 40:35 The Islamic god Allah hates and despises those who dispute him and calls them Kafir.
Koran 09:28 states that pagans, idolaters, disbelievers are impure (filth) There are 13 verses in the Koran demanding believers not to take unbelievers as friends. 03:28, 03:117, 04:89, 04:138, 04:111, 05:51, 05:55, 05:57, 05:78, 09:23, 58:14, 60:01, 60:13 There are 164 jihad verses in the Koran
All 124 Mekkan peace verses in the Koran have been abrogated.

British Prime Minister Cameron blamed Britain's emphasis on multiculturalism in part for the problem. While the intentions were good, the result was a failure to build a united vision of society, instead "We've even tolerated these segregated communities behaving in ways that run completely counter to our values."

German Chancellor Merkel declares : "Multikulti", the concept that "we are now living side by side and are happy about it," does not work, Merkel told a meeting of younger members of her conservative Christian Democratic Union (CDU) party at Potsdam near Berlin. "This approach has failed, totally," she said.

The Chancellor said this a week after talks with Turkish Prime Minister discussing the dreadful integration record of Germany's 2.5 million Muslim Turks. But Erdogan is the one who said, "there is no moderate Islam, there is no extremist Islam, there is only Islam.

French President Nicolas Sarkozy has declared multiculturalism a failure, echoing British Prime Minister David Cameron and German Chancellor Angela Merkel and confusing some French who say it was never tried anyway. Despite their differences, all three say they have a problem with the integration of Muslims and their statements on multiculturalism clearly focus on those minorities.

"It's a failure," Sarkozy said of multiculturalism. "The truth is that, in all our democracies, we've been too concerned about the identity of the new arrivals and not enough about the identity of the country receiving them." "This raises the issue of Islam and our Muslim compatriots," he said. "Our Muslim compatriots should be able to live and practice their religion like anyone else ... but it can only be a French Islam and not Islam in France."

There are five pillars in religious Islam that strictly deals with Muslims and nothing to do with people free of Islam:

- Repeating the creed
- Praying five times a day
- Contributing to charity to benefit other Muslims
- Fasting during Ramadan
- Pilgrimage to Mekka

Then there is jihad, which is political and this is the doctrine that drives all Islamic policy toward subjugating free people by any means possible and is supported by Sharia law. Perhaps this political Islam is what President Zarkozy is concerned about. And that most of the 'Pact of Uma' is very much alive in the 'Reliance of the Traveller',

I address the Chair: Ms Vamvakinou, MP

Your committee projects a very positive outline of the work of the Joint Standing Committee on Migration will undertake and I have all faith in the ability of the members of this committee. (The reference to the most powerful men and women of Europe as 'some European leaders' could perhaps be read as somewhat disparaging, but I'm sure, however, this is not the case).

I am also sure the committee will investigate all aspects of the future of migration into Australia, including I hope, really 'staying in touch with the challenges that migrant communities face'.

I note you will consider whether a new policy on multiculturalism is needed...one hopes that the committee will contemplate this from the

angle of our extraordinarily successful Judeo/Christian civilization, probably one of the most superior cultures in history. This success, as defined by Freedom and economic opportunity, "refutes" all that our leftist elites hold dear.

The nut of the dilemma is captured in a word, Islam: literal and figurative submission. All notions of "peace" or co-existence are derivatives of submission. And the coin of compromise is Western values and law, not Islamic dogma or doctrine. The conflict between the West and Islam is a strategic zero-sum game. If we continue to delude ourselves about the nature of this struggle, we do so at our peril. http://www.americanthinker.com/2011/04/no_exit.html

Here is another verse to overwhelm the Kafirs (people free of Islam)

The believers (Muslims) must make war on infidels around (close neighbours) them and let the infidels find firmness in them...9:123. Simply stated, this verse means Allah commands the believers to fight the disbelievers, the closest in area to the Islamic state, then the farthest. Ibn Kathir writes that a complete Muslim is kind to other Muslims and harsh with non Muslim enemies. In the language of Islam all non Muslims are its enemy.

The above verse says it all—Muslims can never be friends of non Muslims; it is just impossible. Islamic Multiculturalism can never accept Kafir Multiculturalism. This explains why it is just not possible to integrate the Islamists in a multicultural society, such as Australia, Canada, the USA, and UK. The Qur'an does not allow the Muslims to integrate with the non Muslims. Those Muslims who do integrate are simply violating the Qur'an; they are not Muslims in any sense of it. The Qur'an even calls such Muslims as unbelievers and Allah has reserved a painful punishment for them.

Members of the Committee, in your commiserations, your discussions, remember this:

Whenever the specter of war with Islam is raised, we are reminded that Muslims are a fourth of the world's population; surely we "can't kill them all" say the appeasers. Instead of worrying about how many assassins need to be killed, we might remind the Organization of the Islamic Conference, the Arab League, and the Gulf Cooperation Council that the other three fourths of the world's citizens (Russians, Asians, and Indians for example) might not be as squeamish about Muslim casualties as Europe and America have been. In any state-to-state conflagration, the Ummah has every military vulnerability and precious little capability.

http://www.americanthinker.com/2011/04/no_exit.html

And then, in your final analysis, consider that our Western Multiculturalism is the perfect avenue for Islamic Multiculturalism and the Islamic road to our conquest, subjugation and rule by a barbaric ninth century Sharia law. To stop this line of attack on our society, simply dismantle all aspects of Multiculturalism in Australia. There is only one law for all Australians, our

Judeo/Christian Australian Law.
