Dear Sir/Madam,

Built 1984 and complies with 1982 Building Standards in relation to cyclone protection.

Building Valuation \$4,839,000.00

Our insurance history as follows:

We accepted Amp's quote.

It should be noted as our complex was built prior 1992 RACQ and AMP were the only insurers available to us.

We thank you for looking into the cost of insurance and hope for a positive outcome.
