I wish to make a submission to the enquiry on behalf of my husband and myself.

I understand that the insurance for our building has more than doubled which has flowed onto our quarterly contributions. The contribution for our apartment has also more than doubled from \$ 1,898.48 to \$ 4,157.25 a quarter.

This has put us in a difficult financial position where we really should consider selling the apartment but in the current market this is not a viable option, or my husband actually is considering leaving a job that he very happy doing with reasonable wages to work in the mines to help our financial situation. We are also nearing retirement and we certainly will not be retiring when we had planned to.

Please could you withhold my name from publication
