

Submission to Parliamentary Inquiry

To:	Parliamentary Inquiry on Strata Titled Insurance
From:	Maureen Schmitzer
Location of Property:	██
Number of Units:	12
Comments:	Financial hardship has been caused because of the high cost of insurance. Body corporate fees have escalated up because insurance has gone up by 180%. I am a single woman, living alone, and working on a subcontract basis. It is now costing me \$150 a week to live in my own unit with the cost of the body corporate, insurance and rates.
