1. The food supply has improved due to the food truck coming out more regularly than before.

2. The quality of food has improved (e.g., freshness etc.) due to more loadings and affordable stock.

3. Cost of product has gone down due to having a Non-Profit organisation taking over. (low mark ups)

4. There is no competition due to only having the one food and hardware shop in Beswick.

5. Health is improving in the Community because of the freshness and variety of good healthy foods and white goods.

6. The economic outcome is that people in the Community now get more product for less money spent.

7. The effectiveness of Outback Stores is that it employs and trains Indigenous people to become successful business-minded people, therefore more higher-esteem when dealing with Indigenous and non-Indigenous people.

8. Indigenous people can afford to shop locally rather than travel 110km to Katherine.
9. Outback Stores has given notice, grandfathers, uncles, fathers, grandmothers, stay and buy locally. (Less money spent on grog getting)

10. Outback Stores are willing and excited to sponsor the local football team (Beswick Bears). This shows us that they want to work hand in hand with Indigenous people (Building bridges)

Yours Faithfully,
Conway Bush Blanasi
