Please allow me to begin today by acknowledging the traditional owners of the land upon which we meet today and their elders past and present.

My name is Rod Jensen, I'm the Take Pride Program Learn Earn Legend! Program Manager and I thank the committee for inviting me to represent the Take Pride Program at this important meeting. I have a prepared statement to read to you and I'm looking forward to your questions.

The Take Pride Program was established by the Northern Pride Rugby League Club in 2008 to deliver Rugby League specific Development programs across the greater Cairns region.

The organisation has evolved and grown since then to meet a demand for sports for development activity across the broader Far North Queensland, Cape York and Torres Strait region.

The Take Pride Program operates on a '4 Pillar' model, with activity and programs structured across the sectors of Education, Employment, Health & Wellbeing and Sporting Pathways.

To provide to you an immediate sense of the size and scope of our operations I would like to take you on a brief trip across our catchment area.

As of 30 November, in 2012 the Take Pride Program has conducted a total of 295 school visits to 184 individual schools. In addition there were another 122 visits to 48 individual communities.

With the exception of the schools in Charters Towers and Townsville, we visited every single school from Mt Isa in the west to Bowen in the south and north to Badu Island.

We visited small remote communities such as Pentland, Prarie and Greenvale as well as Indigenous communities such as Aurukun, Bamaga and Mapoon.

Significantly as a result of these visits, the Program reached an audience of just under 30,000 participants. Made up of

- 17, 818 males
- 11, 343 females
- 3, 569 adults
- 25, 592 children. And,
- 14, 377 Indigenous Australians

Importantly our visits are not structured as 'fly in – fly out' generic sporting clinics, but are structured programs delivered in consultation with local stakeholders, be they School Principals and Teachers, Queensland Health and other State and Federal Departments, or local government and community leaders.

I have copies of our Monthly Activity Report that I'm happy to provide to the Committee to provide further detail on each of the activities delivered during each visit and illustrate the length of each visit to specific communities.

Under our Education pillar we manage a DEEWR Learn Earn Legend! Contract, a Rugby League & Lifestyle Academy Program delivered in partnership with James Cook University with over 120 participants aged 12-18, coaching support to the Sports Academy at Djarragun College and mentoring participation in a number of accredited vocational programs with partners such as RTO, Skill360 Australia.

In addition to these formal activities, the Program delivers 'Inspiration & Education' speeches and activities as well as participation based rugby league activities at schools and communities.

Under our Employment Pillar we deliver Youth Mentoring and Employment Brokerage, Speed Careering, Employment Expos across schools and communities.

Under our Health Pill we deliver and participates in activities including the award winning 'No Germs on Me' program, Healthy Nutrition clinics designed to tackle the obesity epidemic and participation based sports clinics.

A key focus of the Take Pride Program is to provide sporting participation as well as high performance programs to people in remote and regional areas. Our Sporting Pathways pillar acts to provide opportunity to athletes and coaching and education to administrators and other sporting officials. The Program helped arrange and support the Torres Cup 2012 and has taken Intrust Super Cup games to MT Isa and Bamaga in the past 18 months.

Amongst the unique achievements of the Take Pride Program is the design and delivery of the first Reconciliation Action Plan ratified by Reconciliation Australia for a rugby league club (Northern Pride RLFC RAP 2010-11). The Take Pride Program has also been recognised as a finalist and won a number of national awards including the NRL One Community Award for Community Service in 2011 and our No Germs On Me Program was a finalist at the National Indigenous Health Awards this year.

The Take Pride Program has established a unique model for community engagement that that is particularly effective in indigenous communities. The number of visits we conduct, the length of each visit and the continuity of contact with participants are key features of the 4 Pillar Model.

We receive the majority of our funding as well as a base to operate and the tools of the trade from the Northern Pride Rugby League Club itself with additional support from key private sector groups including Skytrans, Sea Swift and Westpac Bank as well as funding partners in Government, primarily DEEWR.

The Take Pride Program is an example of a Rugby League Club funding a development organisation.

The support of the football club has allowed us to achieve many of our strategic goals for the period 2012-15 and has allowed us to develop unique access into the lives of many young indigenous Australians across FNQ, Cape York and the Torres Strait.

We desperately need more stable funding under each of our four pillars to turn this access into more stable and academically more rigorous development programs with adequate monitoring and evaluation.

We have achieved fantastic outcomes using rugby league as the vehicle for profound positive change in communities and have provided the opportunity for yet more in the future. Finding the funding to support these opportunities is our number one strategic priority.

### **The Northern Pride Rugby League Club**

The Northern Pride Rugby League Club, participates in various Queensland Rugby Competitions, including the Intrust Super Cup, Cyrill Connell and Mal Meninga Cups. The Club is based in Cairns and represents Far North Queensland, Cape York and the Torres Strait. Its commitment to providing long term and sustainable value to these communities is delivered by the club's wholly owned subsidiary, the Take Pride Program Limited.

### **The Take Pride Program**

The Take Pride Program delivers a range of community development and capacity building programs across Far North Queensland, Cape York and the Torres Strait. Utilising the brand and profile of the Northern Pride Rugby League Club, the Take Pride Program uses sport as a vehicle for positive and sustainable outcomes across the Education, Employment, Health & Wellbeing and Sporting Pathways sectors.

#### History and Key Achievements.

The Take Pride Program was established in 2008 to deliver Rugby League specific Development programs across the greater Cairns region.

The organisation has evolved to meet a demand for sports for development activity across the broader Far North Queensland, Cape York and Torres Strait region.

The Take Pride Program operates on a '4 Pillar' model, with activity and programs structured across the sectors of Education, Employment, Health & Wellbeing and Sporting Pathways.

In addition to its significant day-to-day operations, the Program has received special recognition from a number of sources, including Westpac Bank (Business Excellence Awards), the Australian Rugby League (Service to the Community Winner - One Community Awards), 3<sup>rd</sup> National Indigenous Health Awards (National Finalist). The Take Pride Program also developed the first Reconciliation Australia, Reconciliation Action Plan ratified for a Rugby League Club (Northern Pride RAP 2010-2011). The Take Pride Program also designed and delivered the first state league semi-professional competition game held in an Indigenous Community (Bamaga, Northern Peninsula Area 2011).

The Program is staffed by a number of inspirational and qualified staff with 5 of 7 FTE staff being of ATSI background.

#### Catchment Area.

In 2012, the Take Pride Program visited every school in an area from Townsville in the South, Mt Isa in the West and North to Badu Island in the Torres Strait (with the exception of schools in Charters Towers and Townsville). As of November 30, this was a total of 295 school visits to 184 individual schools. In addition there were another 122 visits to 48 individual communities.

As a result of these visits, the Program reached an audience of:

- 17, 818 males
- 11, 343 females
- 3, 569 adults
- 25, 592 children
- 14, 377 Indigenous Australians
- 29, 161 total participants

These visits were across an area larger than France and Spain with challenges of access and remoteness that bring with them a huge financial burden that is largely funded by contributions by the Northern Pride Rugby League Club and other Corporate Contributors. See Appendix 1 for a monthly summary of Take Pride Program activities.

### Operations

The activities of the Take Pride Program are structured around four (4) pillars of Education, Employment, Health & Wellbeing and Sporting Pathways.

### **Education**

Managed by qualified teacher Rod Jensen, the pillar includes management of a DEEWR Learn Earn Legend! Contract, a Rugby League & Lifestyle Academy Program, coaching support to the Sports Academy at Djarragun College and mentoring participation in a number of accredited vocational programs with partners such as Skill360 Australia.

In addition to these formal activities, the Program delivers 'Inspiration & Education' speeches and activities as well as participation based rugby league activities at schools and communities.

### **Employment**

The program delivers and participates in activities including Youth Mentoring and Employment Brokerage, Speed Careering, Employment Expos across schools and communities.

### **Health & Wellbeing**

The program delivers and participates in activities including the award winning 'No Germs on Me', Healthy Nutrition clinics designed to tackle the obesity epidemic and participation based sports clinics.

### **Sporting Pathways**

A key focus of the Take Pride Program is to provide sporting participation as well as high performance programs to people in remote and regional areas. The Sporting Pathways pillar acts to provide opportunity to athletes and coaching and education to administrators and other sporting officials. The Program helped arrange and support the Torres Cup 2012 and has taken Intrust Super Cup games to MT Isa and Bamaga in the past 18 months.
