Dear Members,

Thank goodness some sense at last seems to be coming from this Government!

It is fitting a man has started to try and swing the circle halfway back to sane thinking regarding the "rights of men"

The feminazi groups would seem to be stronger than the government.

So many, mainly men are crying in the wilderness for justice regarding their children.

Joint shared custody - if it succeeds - would be a step forward for a majority of men , who are suffering .

It has been a long time coming.

Yours sincerely
