

Recommendations

Recommendation 1

3.6 The committee recommends that participants in Conduct after Capture training are provided with all the relevant information on the nature of the training activity before they sign a volunteer declaration form.

Recommendation 2

3.8 The committee recommends that Conduct after Capture Level B briefings be revised to include information on the risk of physical and psychological injury that may occur as a result of participation in Level C training activities.

Recommendation 3

3.10 The committee recommends that the Department of Defence implement independent screening of individuals who have participated in Level C activities to identify and treat psychological injuries.

Recommendation 4

3.13 The committee recommends that the Department of Defence conduct an audit of its records to identify all former RTI and CAC training participants and provide information on avenues available to treat physical and psychological injuries arising from training.

Recommendation 5

3.16 The committee recommends that the Department of Defence retain medical and service records of individuals' involvement in Level C activities and ensure this information is accessible by the Department of Veterans' Affairs.
