

Senate Standing Committee on Economics

ANSWERS TO QUESTIONS ON NOTICE

Resources, Energy and Tourism Portfolio

Budget Estimates

28 May 2012

Question: BR42
Topic: Consultancies
Proof Hansard Page: Written

Senator Bushby asked:

1. How many consultancies have been undertaken this financial year to date? Identify the name of the consultant, the subject matter of the consultancy, the duration and cost of the arrangement, and the method of procurement (ie. open tender, direct source, etc). Also include total value for all consultancies.
2. How many consultancies are planned for this calendar year? Have these been published in your Annual Procurement Plan (APP) on the AusTender website and if not why not? In each case please identify the subject matter, duration, cost and method of procurement as above, and the name of the consultant if known.

Answer:

1. **Department:** The Department undertook a total of 133 consultancies this financial year. The total value of the consultancies is \$13.1 million. **Attachment A** provides the names of the consultants, the subject, duration, procurement method and cost of each activity.

Tourism Australia: For the 2011-12 financial year, Tourism Australia undertook 9 consultancies over \$10,000 with a total value of \$706,454.38. **Attachment B** provides the names of the consultants, the subject, duration, procurement method and cost of each activity.

Geoscience Australia: For the 2011-12 financial year, Geoscience Australia undertook 17 consultancies, including those continuing from previous financial years, with a total value of \$1,607,158.63. **Attachment C** provides the names of the consultants, the subject, duration, procurement method and cost of each activity.

2. **Department:** Please refer to **Attachment D** for the Department's planned consultancies for the 2012 calendar year.

Tourism Australia: Under the Commonwealth Procurement Rules, Tourism Australia is only required to list planned procurements greater than \$400,000. No consultancies greater than \$400,000 are planned for the 2012-13 financial year.

Geoscience Australia: Apart from those consultancies continuing from the previous financial year, no consultancies have been identified for the 2012-13 financial year above the covered procurement threshold and which would require publication on the Annual Procurement Plan on the AusTender website.

ATTACHMENT A

Department of Resources, Energy & Tourism's Consultancies for 2011-12

| Supplier Name | Description | Procurement Method | Start Date | End Date | Value (AUD) |
|--|---|--------------------|------------|-----------|--------------|
