## **Answer**

- 1. Fee-Free TAFE course data, as at 30 September 2023, is provided in Table 1 of <u>Attachment A</u>. Data provided includes enrolment and completion information by relevant state and territory. The Commonwealth does not collect in-training, cancellation or withdrawal data by course. States and territories are best placed to provide this information.
- 2. Fee-Free TAFE covers student costs for eligible courses; the fee component costs associated with training in an existing subsidised training place and the full costs for an additional (new) training place. Nationally states and territories reported 213,333 enrolments in existing places and 82,774 enrolments in additional places as at 30 September 2023.
- 3. The number of courses delivered through non-TAFE training providers (dual sector universities, private registered training organisations and community-based adult education providers) is provided in Table 2 of <u>Attachment A</u>. Data provided includes enrolments and completions information by relevant state and territory. The Commonwealth does not collect in-training, cancellation or withdrawal data by course. States and territories are best placed to provide this information.
- 4. The Commonwealth neither collects, nor maintains, information on the number of Fee-Free TAFE courses funded by electorate (also see SQ23-001168 Question 15 response). States and territories are best placed to provide this information.
