QUESTION ON NOTICE

Budget Estimates 2022 - 2023

Infrastructure, Transport, Regional Development and Communications

Committee Question Number: 70

Departmental Question Number: SQ22-000439

Division/Agency Name: Airservices Australia

Hansard Reference: Written (14 April 2022)

Topic: AIRSERVICES - Development of a Long Term Operating Plan for Brisbane

Senator Larissa Waters asked:

Further to the answer received to QoN #107 (Additional Estimates 2021 / 2022 - see attached), why has Airservices not voluntarily developed an LTOP for Brisbane, rather than waiting for a Ministerial direction?

Answer:

Airservices will consider all safe and feasible opportunities for noise improvements as part of the Brisbane Airport Flight Path Design Post Implementation Review, including a Long Term Operating Plan, which would need to be consulted with Brisbane Airport, the airlines, relevant government agencies and the community. In addition, Airservices engaged Trax International to provide an independent assessment and recommendations which will further inform improvement opportunities. Airservices' PIR Report will be published in October 2022 and will propose improvements for how Brisbane Airport and the airspace will operate in the long term.

Currently, the operation of Brisbane Airport and its airspace is in accordance with relevant ministerial approvals provided under the *Environment Protection and Biodiversity Conservation Act 1999* and *Airports Act 1996*.
