**Answer:**

The operator providing services in the Torres Strait that had identified an issue with meeting regulatory requirements initially indicated that there were up to 8 aerodromes potentially impacted.

Following discussions with the operator, CASA subsequently only received applications to vary the approvals for 3 aerodromes in the Torres Strait, and those applications have been approved for:

- Murray (Mer) Island (YMAE)
- Mabuiag Island (YMAA)
- Darnley Island (YDNI).

No applications have been received for other airstrips in the Torres Strait.
