- (2) congratulates those who held events across the country aimed at enlisting the Australian community in this healing process;
- (3) recognises that a crucial aspect of healing is improving Indigenous health and that Australia could experience the dramatic improvements in Indigenous health which Canada, New Zealand and the United States have experienced in recent decades;
- (4) acknowledges the extra \$42.5 million per year over four years allocated by the Government for Indigenous health in the recent budget while noting that this is less than 10% of the \$450 million per year which the AMA and Access Economics estimate is needed to overcome the Indigenous health tragedy;
- (5) recognises that Australia's Indigenous people, from 1 July, will be the only Indigenous people in the Western world without a representative body and that many Indigenous people see this as a humiliation and an attempt to silence their voice;
- (6) acknowledges that, despite the efforts of many individuals, communities and community organisations, Indigenous and non-Indigenous Australians remain far from reconciled; and
- (7) urges the Government to encourage the reconciliation process by:
 - (i) implementing the recommendations of the *Bringing Them Home* report;
 - (ii) establishing benchmarks for improvements in Indigenous health and providing funding adequate to meet these benchmarks; and

And in so doing, they have served as an inspiration to every generation of Americans.”; and
