 - (g) that publicly available information suggests that Australian Defence Force personnel have not used anti-vehicle mines in any conflict since the Second World War;
 - (h) that Australia's stock of anti-vehicle mines is obsolete and used only for training purposes; and

- (2) call on the Government to:
 - (a) introduce legislation to prevent the production, trade and use of anti-vehicle mines that are not command detonated, except for training in mine clearance by ADF personnel, effectively extending legislation that already exists for victim-activated anti-personnel landmines; and

 - (b) settlement policies that reflect market or agreed value at the date a rebuild contract is signed and that takes into account the delay between the period of the incident and the time the rebuild commences;
- (3) call on the Government to expand the role of the Australian Valuation Office to set the market rates for building costs annually within regions for which insurance companies should base premiums and values and remove the CPI as an index;
- (4) call on the insurance industry to implement terminology that is standardized and simplified industry wide; and
- (5) call for Government and insurance industry funded prevention strategies, such as home fire risk reduction programs, in order to help keep insurance premiums low. (*Notice given 7 February 2006. - (2) call for the Queens Birthday holiday to be observed in States and Territories in a form of their choice but not in the form of a public holiday; and
- (3) recognise that the Melbourne Cup has become a national event and is observed by the majority of Australians in some form and the fact that a large number of Australians take time during the day to observe and celebrate this event means it is highly appropriate that this annual event be made available to all Australians as it is observed in Melbourne. (*Notice given 7 February 2006. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 22 May 2006.*)

- 30 **MS A. E. BURKE:** To move—That this house:
- (1) note that there has been an increased global trend for companies to relocate various parts of their operations to locations outside of the country where the service is being delivered—a practice often referred to as off-shoring;
 - (2) note that the practice of off-shoring has seen jobs and skills lost from the IT and finance sectors in Australia and that Deloitte Research predicts that 15% of all financial sector jobs will be moved off-shore by 2008;
 - (3) recognise that participating in the global economy may deliver lower costs for local consumers and companies, however it must be done in a transparent and equitable manner; and
 - (4) call on the Government to act now, before the flood of jobs offshore sees Australia losing out, by:
 - (a) ensuring privacy protection for consumers;

 - (3) call on the Australian Government and this Parliament to allocate additional funding resources for New South Wales Supported Accommodation Assistance to ensure the sustainability of a program that is vital to the health and wellbeing of Australian community life;
 - (4) recognise that the funding required is extremely modest at a time when the Commonwealth Budget is in record surplus; and

(*Notice given 8 February 2006. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 22 May 2006.*)

- (1) that 21 April 2006 marks the 150th anniversary of the eight hour day;
 - (2) the achievement of stonemasons and building workers who marched through the city of Melbourne 150 years ago, gathering supporters on the way to Parliament to demand work life balance;
 - (3) the rationale behind the eight hour day was to strengthen family and community by giving workers time for recreation, self-improvement and full participation in civil society; and
 - (4) that dividing work and family time remains the biggest challenge facing workers, with working parents finding it difficult to fit in picking up children from school, shopping, housework and childcare into their demanding lives. (Notice given 27 February 2006. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 22 May 2006.)

 - (2) acknowledge that in many cases this breaches the Refugee Convention and the UN Convention on the Rights of the Child; and
 - (3) call on the Government to:
 - (a) abolish the 45 day rule, which prevents community-based asylum seekers who make visa applications outside that period from receiving any form of income or health benefits; and
 - (b) give all community-based asylum seekers in Australia work rights and access to Medicare. (Notice given 28 February 2006. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 22 May 2006.)

 - (b) that United Nations Secretary-General, Kofi Annan, has strongly supported the call for the immediate closure of the Guantanamo Bay detention facility;
 - (c) that the United Nations investigators held that view that the legal regime applied to the persons detained at Guantanamo Bay seriously undermines the rule of law and a number of fundamental universally recognised human rights;
 - (d) that numerous eminent international and Australian lawyers, including former High Court judge Mary Gaudron, have expressed the view that the United States Military Commission process applied to Guantanamo Bay detainees is fundamentally flawed and contrary to the rule of law and the right to a fair trial; and

- (2) notes that a 2002 report by the National Research Centre for Environmental Toxicology found the method of providing drinking water to RAN ships in Vietnam made it likely that the drinking water provided to sailors was contaminated with dioxins in agent orange and herbicides and defoliants;
- (3) notes that the factors included in the Statement of Principles are for exposure to consumable potable water on RAN vessels in Vietnam when that water had been produced by evaporative distillation, must have an accumulated 30 days in Vietnam waters;

 - (2) reaffirms the right of the journalists as provided for by their code of ethics not to reveal their sources and congratulates the journalists for doing the veterans a favour by revealing the Howard Government's intention to largely ignore the recommendations of the Clarke review of veterans' entitlements and in doing so, not deliver \$500 million in extra pensions to veterans and war widows.  - (c) that impoverished children often grow up to be impoverished parents who in turn bring up their own children in poverty and that in order to break the generational cycle of poverty, poverty reduction must start with children;
 - (d) the contribution the Australian Government agency AusAID makes to reducing poverty in developing countries and the real funding increase of over 11 percent that AusAID received in this year's Federal Budget over last year's Budget figure; and
 - (e) the work done by UNICEF on behalf of children of the world;
- (2) calls on the Australian Government to:

- 6 **FLU PANDEMIC:** Resumption of debate (*from 10 October 2005—Dr Washer, in continuation*) on the motion of Ms Gillard—That this House:
- (1) notes that:
 - (a) experts agree that a flu pandemic, with the potential to kill millions of people, could occur at any time;
 - (b) this pandemic will most likely originate in South East Asia where a virulent strain of avian flu has already killed 50 people;
 - (c) the Commonwealth Government must make all due effort to ensure that Australia has the proper safeguards and measures in place, both onshore and offshore, to protect Australia against the impact of a possible flu pandemic;
 - (d) the Government has stated that a pandemic of avian flu could lead to millions of Australians contracting the disease, with 2.6 million people seeking medical attention, 58,000 hospitalisations and 13,000 deaths;
 - (e) relevant responsibilities for addressing a flu pandemic are scattered across a growing array of committees and bureaucracies at both the States and Federal level; and
 - (f) while current plans and strategies may be adequate, they are untested and under resourced and suffer from a lack of integration; and
 - (2) calls on the Howard Government to:
 - (a) make every effort to work co-operatively across jurisdictional lines and with the States and Territories;
 - (b) support our public hospitals and laboratories and the health care workforce to ensure that there is the capacity to plan for and manage a pandemic or other national medical emergency; and

 - (2) notes that in the United States these suits are known as ‘Strategic Lawsuits Against Public Participation’ or ‘SLAPP’ suits;
 - (3) notes that in many cases SLAPP suits have no real legal foundation, but their aim is to intimidate individual protesters into silence by the prospect of costly and time-consuming legal action;
 - (4) notes that common law action against protesters may take several different forms, including the torts of nuisance, unlawful interference in business, conspiracy to damage commercial interests and defamation, and that such torts are largely areas of State jurisdiction;
 - (5) notes that SLAPP suits could be discouraged if State Governments legislated to allow for the summary dismissal of unsoundly based SLAPP suits;
 - (6) notes that the insertion of an express right of freedom of speech in the Constitution, to impress upon courts that common law torts should be interpreted so as to ensure the protection of freedom of speech would also discourage unsound SLAPP suits;
 - (7) calls on State Governments, through the Standing Committee of Attorneys-General, to establish preliminary procedures which would allow unsoundly based SLAPP suits to be dismissed by a court at an early stage in proceedings;
 - (8) encourages the Attorney-General to place this matter on the agenda of the Standing Committee of Attorneys-General; and
 - (9) supports a referendum to amend the Constitution to include express recognition of the right of freedom of speech. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on the next sitting Monday after 22 May 2006.*)

 - (2) views with concern that 30 years after the Indo-China war the effects of unexploded ordnance (UXO) are still a serious problem, two thirds of Laos is affected with ten out of eighteen provinces remaining severely contaminated;
 - (3) is alarmed that there has been a substantial increase in civilian UXO casualties, particularly children, because population growth is increasing pressure to farm more land;
 - (4) notes that while the world community is well aware of landmines, there is little international understanding of the problems of UXO; and
 - (5) urges the Australian Government to continue to increase financial support for clearance efforts. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays after 22 May 2006.*)
