Notices†1 **MR BARTLETT:** To move—That the House:

- (1) recognises the vital importance of the Hawkesbury-Nepean river system for Sydney's population and the New South Wales economy;
- (2) expresses its concern at the degradation of the Hawkesbury-Nepean catchment and the poor health of the river;
- (3) recognises that the Hawkesbury-Nepean bears the brunt of the State Government's failure to adequately plan for Sydney's water needs; and
- (4) calls on the New South Wales Government as a matter of urgency to address the issues facing the health of the Hawkesbury-Nepean river. (*Notice given 14 August 2006. Time allowed—30 minutes.*)

†2 **DR LAWRENCE:** To move—That this House:

- (1) notes that, on 7 September 2001, the United Nations General Assembly declared that the International Day of Peace should be observed annually on the fixed date of 21 September, as a day of global ceasefire and non-violence;
- (2) notes that United Nations Secretary-General, Kofi Annan, has repeatedly urged member states of the United Nations to support the observance of global ceasefire on the day, arguing that a global ceasefire would:
 - (a) provide a pause for reflection by the international community on the threats and challenges we face;
 - (b) offer mediators a building block towards a wider truce, as has been seen in nations such as Ghana and Zambia;

* Notifications to which an asterisk (*) is prefixed appear for the first time

† Debate to be adjourned to a future day at the conclusion of the time allotted.

- (c) encourage those involved in violent conflict to reconsider the wisdom of further violence;
 - (d) provide relief workers with a safe interlude for the provision of vital services and the supply of essential goods;
 - (e) allow freedom of movement and information, which is particularly beneficial to refugees and internally displaced persons; and
 - (f) relieve those embroiled in violent conflict of the daily burden of fear for one's own safety and the safety of others;
- (3) supports the Australian organisations that intend to hold vigils, concerts and walks on 21 September this year, in Melbourne, Sydney, Adelaide, Darwin and Brisbane;
 - (4) calls on the Australian Government to actively support the observance of a ceasefire in Afghanistan, East Timor, Iraq and the Solomon Islands on 21 September of this year by ensuring that Australia's armed forces:
 - (a) do not engage in hostilities for the duration of 21 September, unless provoked to do so in self-defence;
 - (b) promote the observance of a global ceasefire for the duration of 21 September; and
 - (c) promote the practice of non-violence for the duration of 21 September; and
 - (5) requests that the Australian Government encourage other nation-states to follow its lead. (*Notice given 8 August 2006. Time allowed—remaining private Members' business time prior to 1.45 p.m.*)
- †3 **MR CADMAN:** To move—That the House acknowledges that:
- (1) the cost of housing in Australia is often more than double what it should be;
 - (2) the high cost is mainly due to the huge increase in the price of land and, as a result, land affordability is a problem in Australia, and especially in Sydney;
 - (3) Sydney is the most penalised city in the country, with affordability being worse than in London or New York;
 - (4) the main causes are State and local government planning restrictions and taxes; and
 - (5) State and local governments must play their part to reduce the cost of housing so the great Australian dream remains a reality, especially for future generations. (*Notice given 17 August 2006. Time allowed—30 minutes.*)
- †4 **MS LIVERMORE:** To move—That the House:
- (1) notes with concern the low rate of organ donation in Australia;
 - (2) acknowledges the plight of the more than 1,700 Australians currently on the organ transplant waiting list;
 - (3) recognises the crucial role of public education in encouraging people to register as organ donors and discuss their choice with family members;
 - (4) welcomes the announcement from the Australian Health Ministers' Conference of the National Reform Agenda on organ and tissue donation; and
 - (5) calls on the Federal Government to investigate the experience of other countries that have adopted an 'opt-out' system of organ donor registration. (*Notice given 17 August 2006. Time allowed—remaining private Members' business time.*)

- (1) follows on from the Government's extreme industrial relations changes which are a massive attack on living standards and living conditions, by removing rights, entitlements and conditions of Australian employees;
 - (2) also removes rights, entitlements, conditions and protections afforded to Australians in the workplace, whether employees or independent contractors;
 - (3) does this by allowing employees to be treated as 'independent contractors', thereby removing employee protections and entitlements and placing superannuation, tax, and workers' compensation burdens on them;

 - (a) continuing to use the common law definition of independent contractor as the basis of law without the guidance of statutory criteria;
 - (b) allowing employees to be treated as independent contractors in a sham way by ineffective anti-sham provisions;
 - (c) overriding State laws with employee deeming provisions;
 - (d) overriding State unfair contracts provisions which provide protection to employees, contractors and small business;
 - (e) overriding any future State and Territory owner-driver transport laws and putting existing State owner-driver transport laws at risk; and
 - (f) failing to provide any genuine protections for outworkers through ineffective outworker provisions, significantly weakening outworker entitlements;
 - (6) introduces even more complexity and confusion into Australia's workplace laws; and

(*Notice given 7 December 2005. Notice will be removed from the Notice Paper unless called on on 11 September 2006.*)

6 **MS A. L. ELLIS:** To move—That this House:

- (1) recognise that building insurance is an essential service and must be regulated;
- (2) support and encourages:
 - (a) the principle for building insurance to be valued on either:
 - (i) agreed value (a value agreed between the insurer and the insured and not less than the market value for special inclusions); and
 - (ii) market value (the building cost based on figures from a quantity surveyor);
 - (b) settlement policies that reflect market or agreed value at the date a rebuild contract is signed and that takes into account the delay between the period of the incident and the time the rebuild commences;
- (3) call on the Government to expand the role of the Australian Valuation Office to set the market rates for building costs annually within regions for which insurance companies should base premiums and values and remove the CPI as an index;
- (4) call on the insurance industry to implement terminology that is standardized and simplified industry wide; and

- (2) call for the Queens Birthday holiday to be observed in States and Territories in a form of their choice but not in the form of a public holiday; and
- (3) recognise that the Melbourne Cup has become a national event and is observed by the majority of Australians in some form and the fact that a large number of Australians take time during the day to observe and celebrate this event means it is highly appropriate that this annual event be made available to all Australians as it is observed in Melbourne. (*Notice given 7 February 2006. Notice will be removed from the Notice Paper unless called on on 11 September 2006.*)
- 9 **MS A. E. BURKE:** To move—That this House:
- (1) note that there has been an increased global trend for companies to relocate various parts of their operations to locations outside of the country where the service is being delivered—a practice often referred to as off-shoring;

- (3) recognise that participating in the global economy may deliver lower costs for local consumers and companies, however it must be done in a transparent and equitable manner; and
- (4) call on the Government to act now, before the flood of jobs offshore sees Australia losing out, by:
- (a) ensuring privacy protection for consumers;

 - (c) developing a national skills base that is suited to the changing needs of the economy;
 - (d) providing assistance in reskilling displaced workers; and

- (4) recognise that the funding required is extremely modest at a time when the Commonwealth Budget is in record surplus; and
- (5) note that as the homeless service system struggles to keep services operating on an ever diminishing funding pool, grave fears are held for the future for homeless people seeking assistance.  - (7) notes with concern that many of these troops are now suffering serious mental and physical disabilities as the result of their service;

- (2) notes that:
- (a) as emphasised by Dr Jong-wook Lee, Director-General of the World Health Organisation (WHO), the experience of SARS in 2003, and the ongoing threat of Avian Influenza, show the imperative of an internationally coordinated approach to international health emergencies;
- (b) in the same way that Taiwan's containment and management efforts during the SARS epidemic in 2003 were hampered by its inability to access the expertise of the WHO, its capacity to meet the

challenges of a global Avian Influenza epidemic would be similarly constrained if it continues to be denied the right to participate in the operation of the WHO;

- (c) the World Health Assembly's (WHA) Rules of Procedure formally allow for the participation of observers in the activities of the organisation, without reference to questions of sovereignty;
 - (d) the participation of observers in WHO activities is consistent with the principle of 'universal application', given expression in the WHO's constitutional mandate to "advance the health of all peoples";
 - (e) there are currently six semi-permanent WHA observers, including a sovereign state (the Holy See), a quasi-state (Palestine), a political entity (the Order of Malta), and three international organisations, and thus the granting to Taiwan of observer status should not be construed as a form of political recognition;
