Notices

- 1 **MR L. D. T. FERGUSON:** To move—That the House:
 - (1) notes with grave concern several reports from Amnesty International about the unabated killing of political activists in the Philippines, which, according to reports, includes up to 716 political murders and 176 political disappearances since Mrs Arroyo came to power in January 2001, with victims including political party regional leaders, clergy, church workers, lawyers, journalists, trade union and farmer union leaders, human rights monitors, 43 children and Bishop Ramento of the Philippines Independent Church;

- (2) notes the statements by Amnesty International that these unabated killings share similar characteristics, including the political affiliations of the victims, the methodology of attacks, and reports that the armed forces or other state agents have been directly involved in the attacks, or have consented to, or been complicit in them;
 - (3) notes that Amnesty International considers there is a persistent pattern of failure to conduct prompt and effective investigations which lead to the arrest, prosecution and conviction of those responsible;
 - (4) notes that the Government of the Republic of the Philippines is duty-bound to protect the right to life of every individual in the country, irrespective of their background or political affiliation, and calls on the Government of President Arroyo to take urgent action to stop the political killings; and
 - (5) calls on Foreign Minister Alexander Downer to convey its condemnation of these political killings and its call for urgent action to stop these killings; and
 - (6) calls on Foreign Minister Alexander Downer to elicit a formal response from the Philippines Government. (*Notice given 30 November 2006. Notice will be removed from the Notice Paper unless called on on the next sitting Monday after 17 September 2007.*)

 - (3) notes that Red Lea currently employs more than 1,000 staff, has 35 retail outlets, 26 delivery trucks and processes in excess of 18 million chickens each year; and
 - (4) reaffirms its support for Australian owned and operated businesses, with particular emphasis on the workers they employ and communities they help build. (*Notice given 6 February 2007. Notice will be removed from the Notice Paper unless called on on the next sitting Monday after 17 September 2007.*)
- 3 **MR FITZGIBBON:** To move—That the House expresses concern that the Government's mismanagement of the Defence budget and Defence procurement policy is undermining Australia's national security. - 4 **MS A. L. ELLIS:** To move—That the House:
- (1) notes:
 - (a) the growing incidence of, and pressures on, grandparents being called on to resume the role of parenting of grandchildren, resulting from family tragedies, family breakdown, or the devastating impacts of drug or alcohol abuse;
 - (b) the tremendous role that many community organisations and support services play in highlighting these issues, seeking funding support for services; and
 - (c) the fundamental role grandparents are playing in holding many family units together and their struggle to provide a safe, secure and supportive environment for their grandchildren;
 - (2) acknowledges:
 - (a) the support currently provided by government departments and agencies;
 - (b) the contribution of peak organisations around Australia, including research and reports developed by such bodies as Families Australia (*Grandparenting: Present and Future*, January 2007) and in the ACT, the Canberra Mothercraft Society Inc (*Grandparents Parenting Children because of Alcohol and other Drugs*, 2006); and
 - (c) that these organisations are doing a great service to families in these circumstances by their calls to achieve substantive improvements in quality of life for grandparents and the children in their care by advocating for legislative recognition of these particular family units and their unique situations;
 - (3) recognises, when considering the key issues faced by grandparents raising children:
 - (a) the need for relevant, current and accessible information as soon as children arrive as resources developed by community organisations rapidly become out-of-date as such organisations often lack funding for ongoing updates and reprints;
 - (b) the potential for significant financial hardship and compromise when grandparents take on parenting of grandchildren, including the often limited financial resources of grandparents and

the hardship and challenges they face in making a suitable home and supporting children's needs;

- (c) the need for access to affordable legal services and support;
 - (d) that parenting over the age of 55 has significant health impacts, exacerbated when grandparents are faced with the unexpected physical and emotional toll of caring for children who are often struggling themselves as a result of the circumstances they have come from;
 - (e) the significant contribution grandparents make to the social capital of their community and our nation, the isolation and, sometimes, the stigma felt by grandparents and grandchildren in these circumstances and the relative scarcity of natural peer support and community linkages available to grandparents caring for children; and
 - (f) the need for further research to identify the extent of grandparent families, particularly indigenous grandparent families; and
- (7) calls on the Government to seek further departmental improvements in response to these issues, including consideration of peak body representations in the areas of:
- (a) accessibility of relevant information and advice;
 - (b) consideration of financial implications;
 - (c) legal complexities and costs;
 - (d) health impacts on grandparents and children;
 - (e) impact on grandparents and their contribution to society; and
 - (f) the need for further research. (*Notice given 12 February 2007. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 17 September 2007.*)

- (3) condemns the Government for its lack of consultation on the proposed tax treatment of non-forestry agribusiness MIS with the agribusiness industry; and
- (4) notes the Government's pretence that it is the 'party of business' while it flagrantly disregards the need for certainty in relation to investment decisions and the need to provide transitional arrangements when making changes such as this. - (2) notes that the lease on the museum's present premises has expired, thus throwing the future of this significant institution into doubt;
- (3) recognises that the Archer Street Barracks in Rockhampton is no longer needed by the Australian Defence Force and that the barracks would make an ideal site for the Central Queensland Military and Artefacts Museum; and
- (4) calls on the Minister for Finance and Administration to transfer the barracks to the Central Queensland Military and Artefacts Museum at no cost, subject to the museum committing to:
 - (a) taking full responsibility for the maintenance and upkeep of the land and structures, both existing and in future;

(*Notice given 14 February 2007 Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 17 September 2007.*)
- 8 **MS LIVERMORE:** To move—That the House:
- (1) acknowledges that the Federal Government formally recognised Australian South Sea Islanders as a distinct cultural group in 1994 and that this was followed by the Queensland Government in 2000;
 - (2) recognises that Australian South Sea Islanders, as a group, experience disadvantage compared to the general Australian population;
 - (3) notes with disappointment that many of the practical measures to overcome this disadvantage recommended by the Human Rights and Equal Opportunity Commission in its report *The Call for Recognition: A Report on the Situation of Australian South Sea Islanders* have not been implemented despite their endorsement by the Federal Government in 1994; and
 - (4) calls on the Federal Government to go beyond the symbolism of formal recognition of Australian South Sea Islanders and expand current policies to enact appropriate measures designed to deliver real assistance to this group. (*Notice given 26 February 2007. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 17 September 2007.*)

 - (b) cardiovascular disease is the leading cause of death and disability in Australia, claiming the lives of 50,294 people in 2002, or 38 per cent of all deaths;
 - (c) around 3.67 million Australians are affected by heart, stroke and vascular diseases;
 - (d) 1.10 million Australians are disabled long-term by heart, stroke and vascular diseases;
 - (e) the prevalence of heart, stroke and vascular conditions increased by 18.2 per cent over the last decade; and
 - (f) the total burden of heart, stroke and vascular diseases is expected to increase over the coming decades;
 - (2) also recognises that:
 - (a) salt appears to be the necessary cause of high blood pressure; and
 - (b) controlling one's salt intake plays a big role in controlling one's blood pressure, which in turn reduces the risk of cardiovascular disease;
 - (3) calls on the Australian Government to:
 - (a) educate the Australian people on the dangers of a high salt diet; and
 - (b) follow the United Kingdom's example and label food with green lights, which identify at a glance the best foods on the market for salt content; and

- (4) on a bipartisan level, encourage Australians to reduce their salt intake and maintain a healthy lifestyle. (*Notice given 26 February 2007. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 17 September 2007.*)

 - (c) denying Nazi genocide against the Jews of Europe and demonising Jews;

- (d) the critical role that adequate recognition of service plays for the morale, retention rates and recruitment of current ADF personnel and the need to improve the transparency and reviewability of the medal system's rule-making, as acknowledged by Recommendation 8B of the Review; and
 - (e) the moral obligation of providing all veterans with the support and recognition they deserve for their service and sacrifice; and

- (1) urges the Australian, State and Territory governments to expedite recognition of the Convention by Australia; and

- 30 **MR M. J. FERGUSON:** To move—That the House:
- (1) notes that:
 - (a) legal deposit is a statutory provision found in the legislation of most countries requiring producers of publications to deposit gratis copies of their works in libraries, usually the National Library;
 - (b) in Australia, the *Copyright Act 1968* requires Australian publishers to deposit one copy of every publication with the National Library of Australia;

 - (d) legal deposit has ensured that an outstanding collection of Australian publications in print form has been acquired by the National Library on behalf of the nation;
 - (e) the National Library is seeking revision of the legal deposit section within the *Copyright Act 1968* to encompass publications in non-print form due to the impact of new technologies and the Internet on the creation, publication and dissemination of information which has been profound in recent years;

- (f) a significant amount of our documentary heritage is now published in electronic form and unless the National Library is given a mandate through legal deposit to collect non-print publications, many of these works will be lost to future generations, especially as many electronic works have a very short life-span on the Internet; and
 - (g) the National Library is collecting a very small proportion of Australian electronic publications, as this endeavour requires seeking permission on a publication-by-publication basis, which is very resource intensive and unsustainable into the future;
- (2) calls on Government, as a matter of urgency, to legislate the extension of legal deposit to non-print publications, as such legislation is of strategic importance to the National Library's future collecting and preservation role; and
- (3) recognises that other countries have already recognised this and legal deposit legislation has been amended in the United Kingdom, Canada, New Zealand, South Africa, France, Japan and the Scandinavian countries. (*Notice given 20 June 2007. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 17 September 2007.*)

 - (b) the chemotherapy agent Alimta is the only treatment registered for use in mesothelioma, and in combination with Cisplatin, represents the 'standard of care' for mesothelioma treatment in Australia;
 - (c) when people with mesothelioma are treated with the standard of care their survival time can be significantly increased and quality of life is improved;
 - (d) Alimta is listed on the Pharmaceutical Benefits Scheme (PBS) for use in lung cancer, but is not approved for patients with mesothelioma and that submissions from the manufacturer Eli Lilly Australia for use in mesothelioma have not been successful; and

 - (b) the Supported Accommodation Assistance Program (SAAP) is often the last resort for people who find themselves without, or at risk of being without, safe, secure or adequate housing;
 - (2) expresses concern at the recent findings of the Australian Institute of Health and Welfare (AIHW), which show that:
 - (a) SAAP is able to accommodate 12,335 people on an average day;
 - (b) SAAP is unable to accommodate all who request immediate accommodation, with an estimated 304 people (193 adults and unaccompanied children and 111 accompanying children) turned away on an average day;
 - (c) over half (56 per cent) of the people making valid requests for immediate accommodation on any given day were turned away;
 - (d) family groups had more difficulty in obtaining SAAP than individuals; and
 - (e) a large proportion of the homeless population do not receive SAAP accommodation; and
 - (3) urges the Government to:

 - (3) calls on the Parliament to encourage the Australian aid program to promote the human rights of, and the elimination of discrimination against, women and children in developing countries, in activities that:

- (1) acknowledges that the ongoing detention without trial of David Hicks is inconsistent with both international and Australian legal standards (including the principle of *habeas corpus*) and contravenes the individual rights and protections for which these standards provide;
 - (2) acknowledges that the newly revised rules for the US Military Commissions under which David Hicks is to be tried, but under which no US citizen can or will be tried, remain in breach of both the Geneva Conventions and the Australian Criminal Code and for this reason, do not constitute a fair trial but instead set an unacceptable precedent for the detention and trial of an Australian citizen overseas, especially by sanctioning the use of hearsay evidence and evidence obtained by coercion and by not permitting the accused to be privy to all the evidence;
 - (3) notes that one of the charges laid against David Hicks relies on the use of retrospective legislation, while the Government asserts that he cannot be tried in Australia because it would require retrospective legislation;
 - (4) calls for the immediate repatriation of David Hicks to Australia to face trial under Australian law;

 - (8) calls for an immediate and independent assessment of the mental and physical health of David Hicks by relevant experts to ascertain the validity of allegations made concerning the deteriorating well being of David Hicks;
 - (9) seeks concrete assurances that any such assessment will not jeopardise or in any way prejudice the treatment of David Hicks whilst he is in Guantanamo Bay; and
 - (10) acknowledges that the ongoing imprisonment of David Hicks, and the denial of his basic rights, runs counter to the principles of freedom and democracy in the name of which the ‘war against terror’ is being fought, and threatens to undermine the international effort to combat terrorism.  - (3) expresses its concern for the lack of commitment by Queensland authorities in progressing the work financed by the Australian Government and the redirection of funds away from the authorised projects;

 - (3) notes that green roofs provide a range of benefits to help counter climate change through thermal insulation, storm-water management that causes lower run-off at peak times, reduction of ambient temperatures in cities, air and water cleaning effects, direct energy savings for government, visual beauty, habitat creation, long roof life and noise insulation;
 - (4) notes that green roof spaces allow food to be grown through hydroponic, aquaculture, aquaponics, vermiculture and insect culture, providing additional revenues for building owners and tenants; and
 - (5) encourages businesses and local authorities to seek the triple bottom line from environmental practices, as exemplified by the Ford Rouge Center in Dearborn, Michigan, USA. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 5 sitting Mondays after 17 September 2007.*)

- (1) notes that:
 - (a) microcredit is a proven means of eradicating poverty and that research by the World Bank in 1998 found that 40 per cent of loan borrowers had moved out of poverty after four years;
 - (b) at the Microcredit Summit in Halifax, Canada in 2006, Australia endorsed the goal of having 175 million families receiving microcredit by 2015;

(*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 6 sitting Mondays after 17 September 2007.*)
- 26 **REMOVAL OF INDIGENOUS CHILDREN:** Resumption of debate (*from 28 May 2007—Mr Slipper, in continuation*) on the motion of Ms Macklin—
- (1) notes that:
 - (a) 26 May marks the tenth anniversary of the *Bringing Them Home* report, which documented the systematic removal of up to 100,000 indigenous children from their families between 1910 and the 1970s, and its serious, and ongoing impact;
 - (b) the Howard Government’s decision not to apologise for this systematic removal has compounded the distress of survivors and held us all back from achieving genuine reconciliation;
 - (c) research subsequent to the report has shown that indigenous children who were removed:
 - (i) were more likely to have been victims of family violence (38 per cent compared to the figure of 23 per cent for the broader indigenous population);
 - (ii) were 2.3 times more likely to experience clinical depression and behavioural difficulties;
 - (iii) had double the rate of both alcohol and other drug use than other indigenous children; and
 - (iv) were more likely to end up in jail; and
 - (d) a recent Urbis Keys Young report commissioned by the Government described the Government’s response to date as “poorly coordinated and insufficiently targeted” and also revealed that some Bringing Them Home and Link-Up counsellors are struggling to cope with

up to more than 80 clients each, compared with the average caseload of 25 for a mental health worker in mainstream services; and

- (2) calls on the Government to:
 - (a) apologise for past policies and practices that resulted in the systematic and forced removal of indigenous children from their families; and

- (1) recognise the tragic loss of 1,605 lives on our roads in 2006, including 336 in Queensland;
 - (2) recognise that road crashes remain the biggest killer of young Australians aged 16 to 25 and that in any given year, people aged between 18 and 24 are twice as likely to die in road smashes than other drivers;
 - (3) also recognise that researchers at the University of Queensland have calculated that the death and injury from road accidents costs the national economy some \$17 billion a year, or the equivalent of 2.3 per cent of Australia's gross national income; and
 - (4) commend the Government for extending the AusLink Black Spot program, which has already eliminated some 700 dangerous crash sites in Queensland alone, for a further two years, from 2006-07 to 2007-08, at a cost of \$90 million. - (1) notes:
 - (a) the Government's failure to direct the Australian Competition and Consumer Commission (ACCC) to formally monitor the prices, costs or profits in the petroleum industry;

- (b) the comments made by Mr Brian Cassidy, Chief Executive Officer of the ACCC, to Senate Estimates that the ACCC would need formal price monitoring powers to gain access to information from the oil companies to adequately monitor profits, margins and costs; and
 - (c) that Labor's announcement to appoint a national Petroleum Commissioner, with the sole responsibility to formally monitor and investigate within the ACCC would ensure Australian motorists are getting a fair go at the bowser; and
- (2) calls on the Government to provide the ACCC with a reference under section 95ZE of the *Trade Practices Act 1974* to formally monitor fuel process in Australia. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 7 sitting Mondays after 17 September 2007.*)

- 35 **UK PENSIONS:** Resumption of debate (*from 13 August 2007—Mr Emerson, in continuation*) on the motion of Mr Fawcett— That the House:
- (1) notes that:
 - (a) over 242,000 British pensioners living in Australia have their pensions frozen in value and thus not increased when the pensions in the United Kingdom (UK) receive annual increases; and
 - (b) this practice of freezing these pensions is wholly unfair and discriminatory: many UK pensioners living overseas do have their pensions increased annually, as expected, given their lifelong mandatory payments into the national UK scheme and in contrast, Australia fully indexes the pensions of its expatriate pensioners living in the UK;
 - (2) calls on the Australian Government to take this issue to the Commonwealth Heads of Government in Kampala in October 2007 and to urge the UK Government to end the unfairness in the current indexation of overseas UK pensions. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 17 September 2007.*)
- 36 **DISABLED VETERANS AND PENSIONS:** Resumption of debate (*from 13 August 2007—Mr Neville, in continuation*) on the motion of Mr Rudd— That the House:

 - (3) acknowledges in particular the plight of our most severely disabled veterans;
 - (4) acknowledges that the value of the Special Rate Disability Pension (TPI and TTI), Intermediate Rate and Extreme Disablement Adjustment Pensions have eroded under the Howard Government; and
 - (5) supports Labor's policy to index the remaining portions of the above general rate disability pensions to movements in male total average weekly earnings, in recognition of the more severe work and lifestyle effects suffered by the recipients of these entitlements. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 17 September 2007.*)
