## 12 to 14 February 2008

On the first day of each sitting week the Senate Daily Summary outlines the business scheduled for consideration in the Senate. On subsequent days, it provides a convenient summary of the previous day's proceedings in the Senate, with links to official Senate records.

Another document useful in tracking the business of the Senate is the [Dynamic Red](#), which records proceedings in the Senate as they happen.

### **42nd Parliament**

---

The 42nd Parliament will be opened on 12 February by the Deputy of the Governor-General in the Senate chamber (see pages 3 and 4 for an outline of the program).

After the opening of the Parliament, Senators Humphries and Lundy (representing the Australian Capital Territory) and Crossin and Scullion (representing the Northern Territory) will be sworn in.

In the afternoon, His Excellency the Governor-General will address members and senators. The address-in-reply (the Senate's response to the Governor-General's speech) is programmed for debate in the Senate during the week.

### **National Apology to the Stolen Generations**

---

The Government proposes to introduce into the Senate a motion offering a National Apology to the Stolen Generations. The debate is scheduled to take place in the morning of Wednesday, 13 February.

### **Other business**

---

Since the prorogation of the 41st Parliament in October 2007, more than 200 government documents, primarily annual reports of departments and agencies, 15 Auditor-General's reports and 12 committee reports have been presented out of sitting. These will be tabled on 12 February. More than 1500 legislative instruments made in that time will also be tabled.

During the week the Senate is expected to establish its sitting pattern and dates for estimates hearings for 2008. The Senate is also expected to appoint members to Senate committees and move to reappoint joint committees. In keeping with the budget cycle, the Senate is also expected to refer particulars of additional estimates to committees for consideration during the week commencing 18 February. The [programs for estimates hearings](#) will be available online.
