Dear Committee Members

We have made a full analysis of the outcomes pertinent to The Senate Elections in all six States and the two Territories at Election 2001 for our own purposes.

Since our overture to The Inquiry, we have had sufficient time to study the Progressive Labour Party's Submission to your Inquiry and it ideally covers all of that which we might otherwise have submitted to the said Inquiry.

Therefore, The Hope Party endorses the Progressive Labour Party's Submission.

Yours sincerely
