30th December 2010

Dear Siobhán Leyne,

I wish to share with you
 our visit to my Daughter and Families Reunion
 at Lightning Ridge over the Christmas Period.

we crossed through water ways carrying Shallow
 Clear water making its way to the Barwon From
 Overflows of the Namoi River.

Water of mallee Towel were very Plentiful The first
 time I have ever Seen them in my Life.

I must give the State Government a Boquet with
 their war against the grass Hoppers.

It was wonderful we hardly saw a Hopper come
 to grief on our car. The grass around was very
 Plentiful and a few crops of Sorghum was
 seen from the Road, wheat must be a Bonza
 Harvest this Season, The Harvesters are still going,
 and The Walgett Wheat Depot are already
 Stocking mountains of wheat.

I feel already things are coming to Life in the
 Darling Basin,

with the Menindie Lakes all Full.

The macquarie CastleReagh Bogan Rivers
 helping with watering our great Land.

The Lake Filled at Lightning Ridge
 has Brought Great Joy From the Locals.

Once again our Rivers, Lakes, Quilguys,
 will be Teeming.

Thank you for Sharing
 Yours Sincerely
 Robin Doherty
