Subject: Insurance hike.

Dear Sir/Madam,

I am just staggered at the HUGE increase in the Insurance bill I'm being asked to pay.

Apparently, the southerners with their bush fires and floods are not having the same massive hike. Why us in north Qld?

My husband died on Christmas Day and now to be loaded with this unfair and unjust hike, is just too much.

Many Insurance Agencies have withdrawn from the market, so not only is there limited choice, there is very little competition, so the companies can and are charging anything they want.

Please will you help us?

Yours sincerely

Sally Mattocks
