

**TO THE HONOURABLE THE SPEAKER AND MEMBERS OF
THE HOUSE OF REPRESENTATIVES**

This petition of residents of Youngusband and surrounding districts South Australia.

Draws to the attention of the House:

Continual ETSA supply power failures. The residents of Youngusband and surrounding Districts have experienced numerous power failures over the past few months,as follows.

30 November 2009, 15 December 2009, 17 December 2009, 14 January 2010, 18 January 2010, 25 January 2010, 28 January 2010, 02 February 2010, 04 February 2010.

Our Residents and Surrounding Districts rely on a reliable power supply to be able to pump water for basic human needs, also to be able to cook as there is no mains water or natural gas supply.

We therefore ask the House to:

Follow up this complaint with ETSA and any other relevant parties, to achieve an outcome which rectifies our interrupted power supply.
