"Dealers of Distinction"

15TH NOVEMBER, 2010

TO THE COMMITTEE SECRETARY AT

Sir, I wish to make a submission on how to solve the Murray Darling problem, which is really simple. It is as follows:

You should pipe water from the Burdekin dam to a tributary of the Darling, thereby alleviating the problem completely. It will be expensive but so was the Snowy Mountain Scheme and it worked. This should solve the problem for centuries.

They did the same thing for Los Angeles in the 1900's and it worked also, so why not for the Murray Darling. I am puzzled why someone never thought of this before.

REGARDS,

LOUIS SMALLEY
MANAGING DIRECTOR
LOUIS SMALLEY HOLDINGS PTY LTD

Gem and General Merchants

Exporters of fine quality cul Sapphire, Chrysoprase, Rhodonite and other minerals too numerous to list.
Buyers and Sellers of Bullion. Also available Drums and Tanks of all descriptions. Buyer of Bags and Sacks.
