Asian Development Bank (Additional Subscription) Bill 2009

Introduced into the House of Representatives on 13 August 2009
Portfolio: Treasury

Background

At the G20 Leaders' Meeting in London in April 2009, G20 Leaders agreed to support a 200 per cent general capital increase at the Asian Development Bank (ADB). This bill empowers the Treasurer to make the necessary agreement with the ADB – on such terms and conditions as the Treasurer determines – for the purchase by Australia of its entitlement of 16,379 paid-in shares (valued at US\$197.6 million) and 393,101 additional callable shares (valued at around US\$5.6 billion) of the capital stock of the ADB. Australia's contribution towards the general capital increase was included as a capital measure in the 2009-10 Budget and will not impact the underlying cash or fiscal balance.

Standing appropriation Clause 6

Clause 6 creates a standing appropriation to make a payment for the purposes of an agreement or agreements with the ADB for the purchase of shares of capital stock of the ADB, in accordance with clause 4. The Consolidated Revenue Fund is appropriated accordingly. The Committee notes that the purpose of the appropriation is specific and limited since the bill seeks parliamentary approval for Australia to take up its allocated subscription to the fifth general capital increase at the ADB.

In the circumstances, the Committee makes no further comment on this bill.

Veterans' Affairs and Other Legislation Amendment (Pension Reform) Bill 2009

Introduced into the House of Representatives on 12 August 2009
Portfolio: Veterans' Affairs

Background

This bill amends the *Veterans' Entitlements Act 1986*, the *Social Security Act 1991*, the *Military Rehabilitation and Compensation Act 2004*, the *Income Tax Assessment Act 1997*, the *Social Security (Administration) Act 1999* and the *Aged Care Act 1997* to give effect to the Federal Government's Secure and Sustainable Pension Reform package in respect of eligible veterans and their dependants.

Schedule 1 increases the single maximum basic rate of service pension by \$1,560 per annum, or \$30 per week, on and from 20 September 2009. This measure also applies an increase to war widow pension and ceiling rate income support supplement and service pension.

Schedule 2 allows for the indexation of the maximum basic rate of service pension to the new Pensioner and Beneficiary Living Cost Index.

Schedule 3 introduces a new 'combined couple benchmark' for pension rates, which will be 41.76 per cent of the annualised Male Total Average Weekly Earnings figure; the single pension will be benchmarked at 66.33 per cent of the combined couple benchmark.

Schedule 4 simplifies the payments made to certain income support pensioners by consolidating a number of smaller payments and allowances into one 'pension supplement'; and provides for an increase to pension payments of an estimated \$10.10 per week for couples combined and \$2.50 per week for singles. The new 'veterans supplement' and 'MRCA supplement' will replace the pharmaceutical and telephone allowances for eligible persons who do not receive an income support payment under the Veterans' Entitlements Act or the Social Security Act.

Schedule 5 allows for an increase in pensions to compensate for anticipated increases in the cost of living arising from the introduction of the Carbon Pollution Reduction Scheme.

Schedule 6 increases the income test taper rate from 40 cents to 50 cents per dollar of income over the ordinary income free area and removes the additional income test free area for dependent children from the calculation of the amount of a person's ordinary income free area.

Schedule 7 introduces a new Work Bonus into the veterans' entitlements law, which allows for a certain amount of employment income that is earned, derived or received in a pension period by a person, who is of qualifying age and is in receipt of service pension or income support supplement, to be disregarded for the purposes of the ordinary income or adjusted income tests.

Schedule 8 closes the pension bonus scheme to new entrants from 20 September 2009.

Schedule 9 ensures that the current entitlements of existing veterans' affairs pensioners who would otherwise be affected by the income test changes made by the bill, and whose pension would be reduced, will be maintained in real terms.

Schedule 10 increases, under the Veterans' Entitlements Act, the pension age for persons other than veterans, from 65 to 67 years by six months every two years commencing on 1 July 2017.

Schedule 11 enables veterans' affairs pensioners to have greater access to advances of pensions and income support supplement.

Schedule 12 ensures that pensioners are not charged higher aged care fees than intended.

Delayed commencement

Omission in explanatory memorandum

Subclause 2(1)

Item 21 in the table to subclause 2(1) provides that Schedule 11 commences on 1 July 2010, resulting in delayed commencement. The Committee will

generally not comment where any delay in commencement is six months or less. However, where the delay is longer, the Committee expects that the explanatory memorandum to the bill will provide an explanation, in accordance with paragraph 19 of Drafting Direction No 1.3.

In this case, the explanatory memorandum does not specifically explain the delay but it does refer to provisions in Schedule 11 which implement measures that are part of the Secure and Sustainable Pension Reform package. The Committee notes that the Secure and Sustainable Pension Reform Package includes provisions which take effect at the end of the current financial year. Nevertheless, the Committee **seeks the Minister's advice** as to whether the reasons for the delayed commencement could be specifically included in the explanatory memorandum to assist readers and those affected by the legislation.

COMMENTARY ON AMENDMENTS TO BILLS

National Greenhouse and Energy Reporting Amendment Bill 2009

On 12 August 2009, the House of Representatives agreed to two government amendments to the bill, one of which falls within the Committee's terms of reference.

Delayed commencement Subclause 2(1)

Item 4 in the table to subclause 2(1) links the commencement of Part 2 of Schedule 2 of the bill to commencement of section 3 of the *Carbon Pollution Reduction Scheme Act 2009* (1 July 2011). Similarly, item 5 in the table links the commencement of Part 3 of Schedule 2 of the bill to the *Carbon Pollution Reduction Scheme (Consequential Amendments) Act 2009*. In its commentary on the package of Carbon Pollution Reduction Scheme (CPRS) bills in *Alert Digest No. 6 of 2009*, the Committee noted that the delay in commencement of the CPRS is 'to help Australian businesses to manage the impacts of the global recession'.

In the circumstances, the Committee makes no further comment on these provisions.

Correction to explanatory memorandum

The Committee is very pleased to note the 'Correction to the Explanatory Memorandum' which relates to proposed new subsection 75A(7) of the *National Greenhouse and Energy Reporting Act 2007* (to be inserted by item 36 of Schedule 1 of the bill). The Committee commented on this provision in its *Alert Digest No. 5 of 2009* and *Seventh Report of 2009*.

The Committee notes that its suggestion that specific guidance or criteria about to whom the wider delegation (relating to third party certification of greenhouse and energy auditors) applies will now be provided by the

Greenhouse and Energy Data Officer, if appropriate industry self-regulation becomes available in the future. This is now articulated clearly in paragraph 67 of the revised explanatory memorandum.

SCRUTINY OF STANDING APPROPRIATIONS

The Committee has determined that, as part of its standard procedures for reporting on bills, it should draw senators' attention to the presence in bills of standing appropriations. It will do so under provisions 1(a)(iv) and (v) of its terms of reference, which require the Committee to report on whether bills:

- (iv) inappropriately delegate legislative powers; or
- (v) insufficiently subject the exercise of legislative power to parliamentary scrutiny.

Further details of the Committee's approach to scrutiny of standing appropriations are set out in the Committee's *Fourteenth Report of 2005*. The following is a list of the bills containing standing appropriations that have been introduced since the beginning of the 42nd Parliament.
