

**Correction to Hansard evidence – 29 October 2018**

Dear Committee Secretary,

In our submission and in oral evidence to the inquiry we alerted the Committee to the issue of out of date Director details for charities appearing on the ASIC website, as charities no longer have to report these details to ASIC to but to the ACNC. It appears at some point between making our submission to the inquiry and providing oral evidence the ASIC website has been updated, and this out of date information removed. Instead, a link to the ACNC website is now provided. We are pleased that this change has been made and would like to alert the Committee to this change.

Best wishes,

Peter
