Senator Claire Moore
Chair Community Affairs Legislation Committee
P O Box 907
Fortitude Valley Post Shop
Fortitude Valley QLD 4006

Dear Senator Moore

Australian Hearing inadvertently provided an incorrect figure in answer to a question from Senator Siewert at the Senate Estimate hearing held on 24 February 2011 and request a correction to our evidence.

Senator Siewert asked "When you say you have had the increase, how many adults does that involved?" (currently on Hansard page CA 124) and Ms Michele Clapin provided the answer "It appears we have gone from 1,601 to 2,544". This number is incorrect.

The correct numbers of active Indigenous adult clients who have been fitted with hearing aids is:

Dec 10	Jun10	Jun09	Jun08	Jun07
1938	1824	1569	1164	694

I would be grateful if you could approve this correction.

Kind regards

Steven Grundy
Managing Director
