Question: E12-247

OUTCOME 5: Primary Care

Topic: GP SUPER CLINICS

Hansard Page: CA 23

Senator Boyce asked:

Could you please provide a copy of each version of the GP Super Clinics funding agreement template?

Answer:

The three versions of the Funding Agreement templates attached are the templates from which individual GP Super Clinic agreements have been tailored to reflect the specific property and business arrangements and clinical model etc for particular funding recipients.

Changes to the original template have enabled the provisions developed for these various arrangements to be used consistently across the GP Super Clinic Program. Other minor changes have also been made to the template to cover legislative changes such as the Freedom of Information legislative changes, changes to the national eHealth requirements and privacy related change issues.
