Dr Ian Holland
A/g Secretary
Senate Community Affairs Committee
Parliament House
CANBERRA ACT 2066

Dear Dr Hollandl

**Request for Amendment to Evidence Provided at Additional Estimates Hearing,
15 February 2012: Outcome 5**

I am writing to correct a statement that I made at the Additional Estimates of the Senate Community Affairs Committee on 15 February 2012.

Senator Fierravanti-Wells made a statement as follows:

“We have already that and the table that was provided on GP Super Clinics on the eve of estimates.”

My response was as follows:

“The table was there, but I think the table was correct up to January and there has been an additional three that have come on stream since then.”

It has been brought to my notice that the response should now be amended as follows (changes are underlined):

“The table was there, but I think the table was correct up to January and there has been an additional two that have come on stream since then.”

Yours sincerely
