

**MI1654 - DSP Medical Reviews**  
**Service Profiling and Random Sample Surveys Completed 01 July 2012 to 31 December 2013**  
**Using data extracted March 21, 2014**  
**Report 3. Result Reason x Review Outcome**

All cells that have a value of less than 20, including zero, have been changed to display '<20'. This rule has been employed for privacy reasons. Where the total fields are included, these will only have a value when it does not make it possible to work out the value of any '<20' fields. Not Available (N/A) will be inserted into cells in cases where it is possible to derive '<20' values indirectly. This will prevent information from being broken down or manipulated to the degree that individuals may be identified, and to cover the legal requirement
