CANBERRA ACT 2600

Dear Senator

Correction of evidence to Additional Estimates Hearing 27 February 2014

I am writing to correct evidence provided to the Committee during its examination of the Department of Social Security in relation to Outcome 3.1.

In answering a question from Senator Siewert regarding the progress of the evaluation of income management in the Northern Territory, I said:

They have been out doing their second wave of field work, which they have completed. They have done, as I understand it, 920 interviews for their second wave.

However, the number of interviews is incorrect and was actually 1,129.

Yours sincerely
