**Hansard Page:** Written

**Senator McLucas** asked:

How many people under the age of 65 have moved out of residential aged care into community based housing and support in each NDIS trial site since the trial site commenced?

**Answer:**

This information is not regularly collected and analysed as a part of the National Disability Insurance Agency's (NDIA) monitoring and reporting.

The NDIA has obtained a list of permanent residential aged care participants as at 9 February 2015 from the Department of Social Services (DSS). No clients on the list are known to have moved out of permanent residential aged care since 9 February 2015, but some do have intentions to move out in the future.
