Senator Brown, Carol asked:

Can you please provide a list of supported playgroups funded under the Children and Parenting Support, including location, provider and funding amount?

Answer:

Under the Children and Parenting Services component, providers are funded to deliver a variety of services targeted at children aged 0-12 years (up to 18 in some instances) and support the capacity of those in a parenting role. The mix of services delivered will vary depending on the location, service provider, and needs of particular communities. This may or may not include supported playgroups.
