Topic: Number of approved plans (electorate)

Hansard Page: Written

Senator Moore asked:

Please provide the number of approved plans in each electorate where there is an NDIS launch site.

Answer:

Due to limitations of the ICT system and ongoing improvements to data collection, data on which electorates National Disability Insurance Scheme participants live in is not recorded.

The National Disability Insurance Agency is in the process of building a new ICT system which will include data on electorates.
