Topic: Domain Usage

Type of Question: Written Question on Notice

Senator: Ludwig, Joe

Question:

Since the change of Prime Minister on 14 September, 2015:

1. Please provide a breakdown of the domain usage for the 50 most utilised (by data sent and received), unique (internet) domains accessed by the minister's office. Please provide:

1. Domain name of the website being accessed (or IP address if the Domain is unavailable in the tracking system).
2. Amount of data downloaded and uploaded to the site.
3. Number of times the site was accessed.

Answer:

1. – 3.

The Minister's office has access to the internet via several mechanisms, including the Health internet gateway, the Australian Parliament House internet gateway, and via the mobile devices of the Minister and each of the members of staff. To provide an accurate breakdown of domain usage constitutes an unreasonable diversion of resources.
