Type of Question: Hansard Page 31, 3 March 2016

Senator: Peris, Nova

Question:

Senator PERIS: Did you say that came into play in 2006? Mr McDevitt: I would have to double-check. The first iteration of the WADA Code came out in 2003. Our legislation was passed in 2006. I would have to take on notice when the list itself was first brought about.

Answer:

The Prohibited List has been published by the World Anti-Doping Agency since 2004.
