Senator Boyce asked:

Can NEHTA or the Department please provide the reports listed in PQoN S11-535?

Answer:

As many of the reports listed in PQoN S11-535 report on the implementation of NEHTA eHealth products in the healthcare sector, they include information about third parties.

NEHTA is currently identifying where these reports include information about third parties and will seek the consent of affected third parties prior to this information being made publicly available through the Senate Community Affairs Committee website.

NEHTA is making all reasonable efforts to complete this process given the volume of information (over 2000 pages).
